## President Calls For Sweeping Revision Of U.S. Farm Program

WASHINGTON (AP) — President Eisenhower today called for lower government price supports for major farm crops and dairy products, and an easing of production restrictions.

In a special message to Congress, Eisenhower laid out in 14 points what he termed a progress program and said it would let farmers benefit more from their own unparalleled ability to produce.

The program held out the prospect, too, of eventual lower food costs for consumers.

Eisenhower told Congress that agriculture in recent years has been experiencing a veritable revolution in productivity.

"Farm production per man-hour has doubled since 1940," he said. "There has been more change in agriculture within the lifetime of

men now living than in the previous 2,000 years."

### Must Find More Markets

Eisenhower said the rapid changes taking place in agriculture are "largely the result of a major breakthrough in agricultural science and technology," constitute a revolution that cannot be reversed, and are continuing.

"In recognition of this basic fact," he said, we must find ways of utilizing more completely the abundance that our farm people are now able to produce; we must find ways of further expanding markets for this increased production, not only among our own citizens but among people all over the world who need the food and clothing we produce in such abundance."

In outlining his recommendations, Eisenhower said it was es-

sential that they be accepted this year to improve the status of rural people in greatest need, to aid agricultural adjustment, provide more freedom, expand markets, and, thereby, to help raise farm family income.

### Outlines Proposals

His proposals:

1. Change the 14-billion-dollar annual soil bank program by abandoning next year the costlier short-term acreage reserve and strengthening the longer-term conservation reserve. He proposed 450 million dollars for payments to farmers for retiring cropland of any kind for long periods and putting it to grass, trees or other noncrop uses.

2. Legislation giving the secretary of agriculture discretion to

## Icy Roads Blamed For Accidents Injuring 7

Seeks to Bring Halt to Recession

## Government Lowers Margin On Stock

WASHINGTON (AP)—The government today lowered another anti-inflation barrier—the margin requirement on stock purchases—after breaking bad news on both production and income.

Effective today the Federal Reserve Board cut from 70 to 50 per cent the margin, or down payment, required for purchase of shares on the nation's sluggish stock exchanges. The 70 per cent

requirement had been in effect for nearly three years.

The reduction was hailed by Keith Funston, president of the New York Stock Exchange, as giving the market a desirable added liquidity that he said would help industry raise new funds for working capital and expansion.

Other reaction from financial circles was mixed, with some specialists sharing Funston's optimism, others viewing the action as having only temporary effects on the market, and still others saying they thought the impact would be negligible. But most of those who commented expressed surprise.

First effects were felt on the Pacific Coast Stock Exchange in San Francisco. It was still open when the reserve board's action was announced, and prices "spurted ahead in active trading."

Reserve board officials declined to make any forecasts that the move might help reverse the downward trend of business investment in new plant and equipment. But their action spoke for itself: If such a movement developed, high margin requirements would not be standing in the way of stock issues.

The board's decision was made public immediately after two announcements which revealed that business ended 1957 with a harder-than-expected bump. These reports were:

1. Personal income, said the Commerce Department, dropped to a \$342,800,000,000 annual rate in December, down more than 2 1/2 billion dollars from November.

This was the largest of four successive monthly declines, cutting the income of individuals four billion dollars, in annual rate, below August's all-time high.

Most of the decline resulted from smaller than usual year end dividends, reflecting corporate caution and some squeeze on profits. But about 750 million dollars of the drop represented reduced wage and salary payments.

2. Industrial production sagged in December to the lowest level since July 1956, when a nationwide steel strike hobbled output.

The Federal Reserve index of physical output from mining and factories dipped three points in the month to 136 per cent of the 1947-49 average. Auto assemblies declined 10 per cent and steel mills further slowed their operations to a rate of 40 per cent below a year ago.

These reports followed by a day the December employment figures, which revealed that joblessness rose by 200,000 to 3,374,000. This was the highest unemployment for any December since the recession year 1949.

Although officials and economists here almost unanimously predict an upturn by summer, the Federal Reserve's relaxation of margin requirements, applying both to purchases and short sales, was the latest in a series of government moves to counter the recession.

## Meeting Held By Poultrymen

Committee Chosen At Institute Here

Well over 100 poultrymen from Columbiana and Mahoning County were on hand Wednesday afternoon at the poultry institute held in the Masonic Temple.

Dean Vincent of Salem was one of eight men elected to the Columbiana County poultry committee. He was one of five producers named. The other four are Paul Dailey of Lisbon, S. M. Blossler of Columbiana, Ed Lowmiller of Minerva and A. C. Cope of New Waterford.

Three men, all feed distributors, were also named to the committee. They are Lee Harold of Columbiana, Wayne Rudabaugh of Rogers and Allen Dickey of Lisbon.

Professor Glenn Bressler of Pennsylvania State University spoke to the group on "Solar Housing for New and Remodeled Poultry Buildings."

He explained that the new houses show promise of solving the housing problem in poultry. The houses provide one layer per one square foot compared to the one layer every three square feet used in other type houses.

Bressler added that the solar type houses provide more sunlight and use more glass, besides being insulated in the winter and ventilated in the summer.

Moderates Panel  
Thomas Newsom, Northeast Ohio Poultry Co-op manager, acted as a moderator for a five-man panel which discussed "Problems and Opportunities in the Marketing of Poultry and Eggs."

The panel consisted of J. R. Shellenberger of the Pittsburgh Federated Egg and Poultry division, Mark Rhodes of Columbiana, Alvin Chamberlain of Leetonia, A. C. Cope of New Waterford and Robert Gray of Toronto.

Other speakers were Clyde Marsh, Ohio extension poultry specialist, who spoke on sanitation in poultry and vaccination, and Paul Clayton, Ohio extension poultry specialist, who discussed costs of production.

Preceding the program, the group was shown a movie, "A

## Prompt Senate Approval Forecast

## Air Force Measure Approved by House

WASHINGTON (AP)—Prompt Senate approval was forecast today for a House-passed emergency Air Force construction bill as a House subcommittee followed through on a measure to provide actual funds.

A unanimous 347-0 House vote sent to the Senate a bill to authorize \$549,670,000 of new Air Force funds. It includes projects for a start on the nation's third base for intercontinental ballistic missiles, dispersal of bomber bases, a missile warning system and other works.

Chairman Stennis (D-Miss) said he will call hearings early next week before a Senate armed services subcommittee in an effort to hurry the measure to the Senate floor.

The authorization bill sets up some of the projects for which money would be provided in a \$1,260,000,000 missile money bill

which House leaders said may come to a vote there next week. The Air Force construction bill is the first step in speeded-up defense plans developed to offset Russian progress in the missile-satellite fields.

Before passing it, the House adopted a hastily drafted amendment to give Secretary of Defense McElroy specific authority to set up the Advanced Research Projects Agency he wants. The money bill would provide 10 million dollars for the agency.

Investigations of the defense situation continued on both sides of the Capitol.

The House Armed Services Committee, meeting behind closed doors, recalled McElroy and his top missile experts for further questioning in a broad study expected to continue for several more weeks.

**FREEDOM KISS FOR KRYSTYNA** — Krystyna Nowinski, 7-year-old daughter of a Polish mathematician who used a lecture-tour ruse to find asylum in this country, gets a kiss from her parents in Baltimore yesterday. Dr. Jerzy Nowinski was reunited with his wife, Maria, and daughter late Jan. 14 when they arrived in this country from England. At a press conference Jan. 15 at Johns Hopkins University, during which they posed for photographers, the Nowinskis said their daughter's future led them to flee their native land.

## Leetonia Council Sells Street Bonds

LEETONIA — Awarding of street improvement bonds was the major business transacted at the Wednesday night meeting of Village Council.

Five concerns had offered bids for the \$28,118 in bonds, with the Hayden-Miller Co. of Cleveland being awarded the contract. Their bid was 3 1/4 per cent interest, with a premium of \$46.

Other bids were received from Payne, Webber, Jackson and Curtis of Cleveland, Citizens Savings

Bank of Columbiana, Charles Hinch & Co. of Cincinnati, Swaney-Cartwright Co. of Columbus.

Michael P. Burick, clerk, presented the claims which indicate the village is operating in the red. Therefore, Council approved a resolution of borrowing \$4,000 from the Citizens Savings Bank to meet current expenses. A temporary appropriation of 25 per cent of the 1957 appropriations was accepted to cover expenses until money is received from the county.

Well to be Completed

Dale McCormick of the Board of Public Affairs was present to secure Council's approval of continuing the drilling of another well at the pumping station. The well was started during the tenure of Paul Sevensch as mayor who declared it an emergency measure and authorized the drilling without Council's authorization, it was explained. Council okayed the completion of the well.

Mr. McCormick also made a request for sick leave for the board employees. This matter was referred to the finance committee, of which Miss Jessie Nicolette is chairman.

Fire Chief Robert Brown presented his 1957 report. Twenty-seven calls were answered for a total property loss of \$3,500.

He asked that Council approve the purchase of 300 feet of 2 1/2 inch hose for the department. H. R. McBride, chairman of the fire committee, is to meet with the department concerning the purchase.

Council members approved the purchase of an intoximeter which will be used by the Police Department and State Patrol for testing drunken drivers.

Beginning Feb. 1, gas and oil for the village vehicles will be purchased at one local service station by the month, thus rotating the business between the six stations.

Will Use Dump  
The Council entered into contract with Salem Township Trustees for the use of the village dump at \$6 a year.

Street Commissioner Richard Keinknecht was directed to post Talbott, Charles W. Glass, Margaret Miller and R. Hugh Nile, Yellow Creek Township residents who are seeking transfer of their school district to Wellsville. This petition is referred to as the Talbott petition.

Two hearing dates were set up for this case but both dates had to be postponed. At the present time no definite date has been set.

A counter-petition of 35 names was also filed in the Talbott petition and the board rejected this on the grounds that it did not bear the required number of signatures.

## N. Jackson Boy Serious After Rt. 18 Mishap

Car Strikes Pole; Two Are Injured In Lisbon Rd. Crash

Slippery, snow-laden highways are blamed for six traffic mishaps on area highways which caused injury to seven persons on Wednesday afternoon and night.

Snowfall yesterday made roads throughout the district extremely slippery.

Three persons were injured when a car driven by Robert J. Harris, 19, of Warren, attempted to pass an unidentified car, swerved off the highway and struck a utility pole on Rt. 18, one mile west of North Jackson at 5:45 p.m.

Injured were:

Frank Stroney, 16, of North Jackson, listed in serious condition with a fractured nose, facial lacerations, a kidney injury and other internal injuries.

Harris received a severe laceration of the right ear and shock. His condition is described as fair.

John W. Richards, 15, of Warren, lacerations of the right leg and multiple abrasions. He was treated and released.

All the victims were taken to Youngstown Southside Hospital.

The car and utility pole were demolished and Harris will be cited for unsafe operation, according to the Highway Patrol.

## Leetonia Youth Hurt

A second highway mishap resulting in the injury to two persons occurred on the Rt. 45, Lisbon Road, three and one-half miles south of Salem at 12:15 p.m.

Injured were:

Richard E. Null, 18, of Leetonia, who received severe lacerations of the face and skull and is listed in fair condition at Salem City Hospital.

Marion S. Narus, 48, of Parma Heights, multiple lacerations of both legs and wrists. He was treated at the hospital.

The accident occurred when the Null auto went out of control and slid left of center into the Narus auto. Both cars were damaged extensively.

Null will be cited for reckless operation, according to the Highway Patrol.

## Collide On Rt. 7

A third mishap occurred when a car driven by Charles Johnson pulled from a side road onto Rt. 7 and into the path of a car driven by Peter Kintz, 50, of East Palestine, two miles south of Youngstown at 7:30 p.m.

The injured persons are: Mrs. Mary Kintz, 48, who received abrasions and bruises and possible head injuries. She is in fair condition at Southside Hospital.

Mr. Patricia Johnson, minor head injuries; treated and released.

The Johnson car was attempting to cross Rt. 7 from west to east and pulled into the path of the Kintz auto which was travelling north. Both cars were damaged extensively.

Johnson was cited for failing to yield the right-of-way, the State Patrol reported.

## Rear-End Collision

A fourth mishap occurred on Rt. 14 at 7:50 p.m. just east of Salem when a car driven by Virney R. Kitchen Jr., 34, of Columbiana, was stopped to make a left turn when a

## County to Get New Precincts

10 Voting Districts Are Added By Board

The county election board Wednesday night took final action on creation of 10 additional precincts — including two in East Liverpool — giving it a new total of 151 voting areas.

Meeting at its office in East Liverpool, the board conducted the public hearing required by law before precinct changes can become effective. As no protests were filed by affected voters, the changes went into effect automatically.

Frank R. O'Hanlon, clerk, explained the action included division of top-heavy and "not too heavy" precincts in East Liverpool's Second and Third Wards, giving the city a new total of 32 polling areas.

Liverpool Township also gained a new precinct, taking in the La-croft Sherwood area near the city limits. The new precinct to be known as Northwest, was established by dividing the Center precinct.

### New Township Precincts

Each of these townships also gained a new precinct: Butler, Elk-run, Fairfield, Middleton, Perry, Salem and Unity.

Here's the action in each case: Butler — North and South precincts divided to create a new Center precinct, giving the township a total of 3.

Elkrun — Elkton precinct divided to create a new Southwest precinct, total of 3 precincts; Fairfield — Center precinct created by using sections of North and Northeast precincts, new total of 5 polling areas;

Middleton — Pancake precinct created by dividing Negley precinct, new total of 4;

Perry — West precinct created by using sections from several adjoining areas, giving a new total of 4 precincts;

Salem — Northwest precinct created by revamping Franklin Square and Northeast precincts, giving a total of 3 polling places outside Leetonia and Washingtonville.

Unity — North precinct created by dividing Unity precinct; East precinct renamed Southeast; West precinct renamed Southwest; total of 4 polling areas outside East Palestine and New Waterford.

The board also set Feb. 10 as "sufficiency day," when it will meet to determine the validity of candidates' petitions filed before the Feb. 5 deadline.

Feb. 5 is the deadline both for May primary candidates and those seeking to run as independents in the November general election, except aspirants for county judge.

The board also will award contracts for ballots and poll books at the Feb. 10 meeting.

The 10 new precincts will be used for the first time at the May primaries.

The board will ask the cooperation of township officials in locating voting places.

## Prospect School PTA To Convene on Monday

The Prospect School Parent-Teachers Association will meet on Monday at 7:30 p.m. at the school.

Dr. Paul Beaver of Leetonia will be the speaker.

**TO MEET AT NURSES HOME**  
The Florence Nightingale Association will meet Monday at 8 p.m. at the City Hospital Nurses Home.

**Peanut Brittle Made at** Hendricks Candy Shop is the best! Try it. Ad.

**NEW RESEARCH HEAD** — Lt. Gen. Arthur Trudeau, 55, successor to Lt. Gen. James M. Gavin as Army Research and Development chief, gestures at a press conference in Tokyo. Trudeau, now commander of an Army corps in Korea, will take over April 1, the day after Gavin's retirement becomes effective. He was formerly intelligence chief in Washington.

## Want Hours Reduced From 72 to 56

## Salem Firemen Seek Shorter Work Week

A signed petition from the Salem city firemen asking for a reduction of working hours from 72 to 56 hours a week without a decrease in pay was presented to Dr. R. J. McConnor, safety director, and Mayor Harold D. Smith Wednesday morning.

The petition, which was signed

by all 12 firemen working under Chief Clarence W. Wright, cites the fact that they have had no reduction of working hours in the last 19 years and that only 500 firemen out of the 6,000 in Ohio are still working a 72-hour week.

The safety director, the mayor and the fire chief decided, at a meeting in the mayor's office Wednesday afternoon, to turn the petition over to the City Council safety committee for further study. Police Chief George Earley sat in on the conference.

### Council to Meet Jan. 21

The petition is expected to reach the Council floor at the next meeting, Jan. 21.

Mayor Smith and Safety Director McConnor declined to comment when asked if they approve the petition, but they both agreed that the firemen have the right to ask for the shorter work week.

Chief Wright said, however: "I think the firemen should have a shorter work week, but if it is approved by City Council, then I will need three more men in order to give Salem the kind of fire protection we need," the chief said.

In 1939 the Ohio Legislature passed a law limiting the work week for state firemen to 72 hours. At that time Salem firemen were working an 84-hour week.

The present wage scale of the local firemen is \$4,992 per year, which amounts to \$416 a month. This salary is the second highest in the district.

The highest paid area firemen are the Canton fire fighters. They receive \$5,280 a year and work a 63-hour week.

On the other hand, the East Liverpool firemen are paid \$305 per month, a yearly salary of \$3,660. They also work a 63-hour week.

During the last three years, City Council has given the firemen a three wage boosts. The first one was a ten per cent hike and the other two were four per cent wage increases.

## Decides in Interest of Party

## Bender Not to Run For Ohio Governor

WASHINGTON (AP) — Former Ohio senator George H. Bender announced Wednesday that in the interest of party harmony he will not enter the Ohio gubernatorial race.

The Ohio Republican told a press conference here he plans to stay on his present job as special assistant to Secretary of the Interior Stinson indefinitely.

Bender, in a letter to Ohio Republican chairman Ray Bliss, said:

"In answer to your appeal, and with an impelling interest in party harmony, I want to assure you that I do not intend to become a candidate for the governor of Ohio."

Bliss had asked Bender not to run. Bliss' action came after Bender asked Secretary of State Ted W. Brown for nominating peti-

tions, the first step in placing a name on the primary ballot.

The former senator made it clear to Bliss that he still does not feel all is right with the administration of Gov. C. William O'Neill.

O'Neill earlier Wednesday announced his candidacy for re-election.

Bender said in his letter his concept of public service and party loyalty goes beyond mere campaign convenience.

In explaining what he meant by "campaign convenience" Bender said: "I don't believe a party platform should be a fishhook to catch suckers with."

Bender told the newsmen: "We've had one Lausche in Ohio and the Republicans in Ohio are responsible for the United States

Senate now being controlled by Democrats."

He apparently referred in part to the 1956 election to the Senate of the long-time Ohio governor, Democrat Frank J. Lausche, Bender was the GOP candidate."

When asked "what kind of a job do you think O'Neill has done?", Bender shot back, "I can't hear you," though he had previously heard all questions asked by the newsmen.

Bender would not say definitely if he plans to campaign for the party. He also told reporters he did not know if O'Neill could win again but said he hopes so. He said he was not sufficiently conversant with the situation.

Bender said he decided not to seek the gubernatorial nomination for "the most important factor" that his family opposed it.

## Workers Pleased With Rocket Tests

CAPE CANAVERAL, Fla. (AP) — Martin Co. and the Navy ground tested the main engine of the Vanguard rocket in the rain Wednesday night. The results were happy.

Pleased workers on the big Martin-built satellite launching vehicle reported that the whole enterprise "looked good."

This was the unofficial accounting of the rocket test. Officially, the Defense Department in a statement issued an hour and a half after the firing said only, "There was a routine static test of a missile."

The average time between a final missile static test here and a launching attempt is about 10 days.

Although the main purpose of the launching will be flight test the full rocket assembly for the first time, the Vanguard as a bonus will carry a 64-inch satellite in its nose.

## Murder Described By Witness in Dayton

DAYTON, Ohio (AP) — A prosecution witness, testifying at the first degree murder trial of Mrs. Ann Murray, said she saw the 40-year-old divorcee shoot Mrs. Alberta Cobb, also 40.

She said it happened in the kitchen of Mrs. Cobb's home during a birthday party for the man they are both alleged to have loved.

Miss Ann Vernice Baker Wednesday told the jury of 11 men and one woman that last July 24 she and Mrs. Cobb, also a divorcee, were sitting in the kitchen when Mrs. Murray entered by the back door.

Miss Baker said Mrs. Murray pulled out a pistol and fired twice. One bullet struck the refrigerator and the other hit Mrs. Cobb in the chest, she said.

Miss Baker testified that Mrs. Murray then stepped over Mrs. Cobb's body and left by the rear door. As Mrs. Murray left, Miss Baker testified, she told Miss Baker: "You had better tell Tommy (Thomas Wright) to come and see about his girl friend (Mrs. Cobb)."

Wright was the next witness. He testified that he never attended the party given in his honor at Mrs. Cobb's home. He said he was with Mrs. Murray earlier in the day at her home and that they were accosted by Mrs. Cobb, who started an argument.

Wright said he went into the yard. He testified that he then saw Mrs. Cobb run from the house and Mrs. Murray come into the front yard carrying a pistol. He testified he heard Mrs. Murray say: "Come on back, I've got my gun now."

He admitted under questioning that he had conducted a bootlegging operation with the two women.

The Palace of Governors in Santa Fe, N.M., is the oldest public building in the United States. In 1598 it was the headquarters of rebel Pueblo Indians — rebels against the then Spanish rule.

## Presbyterian Church Gains Reported, Officers Elected

One hundred persons attended the annual congregational and corporation meeting of the First Presbyterian Church Tuesday night in Fellowship Hall.

Rev. Laten Carter served as moderator for the congregation and meeting when the following officers were elected: Elders, three years, Mrs. Robert Dunn, J. P. Ollman, Sam Moore Sr., Charles Erath, Ray Stiver; deacons, three years, Fred Crowe Jr., Mrs. Ralph Walton, Leslie Brantingham, Harry Snyder, Walter Watkins; trustees,

three years, Clyde Wright, Fred Fenske and Powell Schmauch. Gale Dougherty and Dudley Ashead were named to serve unexpired terms as elder and trustee, respectively.

A total of 108 new members were received during the year, bringing total membership to 1,315.

In Rev. Carter's report he stressed three points for the coming year: Deepen and widen the fellowship; maintain and enlarge emphasis on study, and increase stewardship. He expressed a desire that the church library be established in 1958.

Reports were presented by Rev. William Spearman, assistant pastor; William M. Bennett, treasurer; L. L. Goard, benevolence treasurer; Mrs. Joseph T. Needham, treasurer, and Mrs. E. E. Logue, assistant treasurer of the Women's Association, Cora Daugherty, world service secretary; Sara J. Wilson, deacon fund treasurer.

Charles Erath Sr., church school superintendent; class reports, Eugenia Carnes, C. C. Ressler, Mrs. W. D. King, Lucille Wright, Mrs. Cecil L. Cooper, Mr. and Mrs. Floyd McQuilkin.

Mrs. Laten Carter and Mrs. A. C. Huber reported on the church choir. Scout reports were presented by Floyd McQuilkin and Melba Smith.

Chester Roof was in charge of the corporation meeting.

## It Really Pays to Have The Right Connections

FRANKFORT, Ky. (AP) — The Kentucky Senate was debating a proposal to limit the number of honorary pages which legislators may nominate.

Sen. Ed J. Kelly hesitantly inquired during the debate: "Is it all right if I nominate someone to be an honorary page?"

He was told yes. "Then I would like to nominate my 3-week-old grandson," he said. The nomination was confirmed.

JUVENILE GRANGE TO MEET — Salem Juvenile Grange will meet Friday at 8:30 at the grange hall. Juveniles are to bring material scraps and thread for the sewing project. All members are urged to come.

## America Swiftly Losing Friends in Area

## Arab Nations Seek More U.S. Experts

(Third of Series)  
By WILLIAM L. RYAN  
AP Foreign News Analyst

The Russians served clear notice of their intentions.

"The capitalist countries no longer have a monopoly on supplying machinery and equipment, granting credits and imparting know-how," Soviet Delegate A.A. Arzumanyan told the Afro-Asian Conference in Cairo last month.

The Russians thus repeated their war declaration in the political-economic field in underdeveloped countries. And, despite Sputniks and missiles, the political-economic arena is the place where the decisive battles of the cold war are likely to be fought.

An important, and often unnoticed, part in this battle is played by America's small army of technical experts under the International Cooperation Administration (ICA) program to help other nations help themselves.

Compared with the rest of the world, the Middle East, probably the most sensitive cold war front, received a relatively small share

of the U. S. technical aid program, which Arabs still call Point Four. Once, under President Truman's Point Four Program, Americans were welcomed in Egypt. Their work inspired some of the ambitious projects of the Egyptian revolution. But American-Egyptian relations soured. Today the program in Egypt is insignificant.

Altogether there are 862 Americans working on technical aid programs in Middle East countries, distributed as follows: Iran, 315; Iraq, 101; Jordan, 81; Lebanon, 63; Libya, 134; Ethiopia, 157; and Egypt, only 1. Syria was offered point four aid and rejected it on political grounds. Saudi Arabia first accepted, then rejected such help. There is no program in the Sudan.

Before the Suez Canal nationalization in 1956, Egypt had 75 American technicians.

In North Africa, Tunisia has only 8 American technicians. U.S. prestige is high there. Tunisia wants more Americans.

Morocco has a staff of 21 Americans. There is no significant anti-American feeling.

In the Arab East, the once common complaint of "too many Americans" seems to be lessening. Perhaps this is because Soviet offers of technicians made Arab suspicious. They do not know Russians. They know Americans.

TO NEW POST — Charles W. Yost, counselor and deputy chief of mission at American embassy in Paris, was named ambassador to Syria by President Eisenhower.

and generally like them — although the U. S. government has been losing friends swiftly through the area.

Arabs have complained that too many aid dollars went into fat American salaries. The facts seem to dispute this. In any event ICA officials contend there are just not enough Arab technicians qualified to do the work. This is the basic reason for the ICA program.

## COLUMBIANA

## Newcomers To Canvass Jan. 30 For Funds For March of Dimes

COLUMBIANA — Welcome Wagon Newcomers Club has chosen Jan. 30 as the date for its annual participation in the March of Dimes campaign.

Directed by Mrs. John Longabaugh, projects chairman for the club, volunteers will canvass the town that evening in a mother's march on polio to seek contributions for the polio fund.

The Newcomers Club will sponsor a benefit Saturday in the Union Bank building. Mrs. Frank Peshek has been chosen corresponding secretary to succeed Mrs. Allen Wilkoff.

At the club's meeting Tuesday evening at Valley Golf, Mrs. Donald Hepp, newcomer to Columbianna, was introduced by Mrs. Marion Manley, membership chairman. Guest speaker was Charles Wagner, who discussed nutrition and screened two films on the subject.

JUDGES are studying entries in the annual essay contest sponsored by American Legion Post 290. Dr. James Garstick, contest chairman, said gold pencils will be awarded a boy and girl winner in each of the top four grades at Columbianna high school. The winning entries will be forwarded to county competition.

Judges, picked by Post Commander Richard Wenderoth, are Mrs. Paul Reeves, Mrs. Harry Lund-

ren, Ralph Reddington and Adin Kaufman.

Columbianna Lodge 438, Knights of Pythias, which meets tonight, will have the knight rank conferred on a class of candidates at its first meeting in February. The group received the page rank Monday night at West Farmington lodge and the esquire rank Tuesday evening at the Girard K. of P. lodge.

FRIENDSHIP Class of the Methodist Church will meet next Thursday at the church.

Village police continued the in-

vestigation today of the theft of four typewriters from the high school building sometime early on Tuesday morning. Intruders broke a window to gain entry to the commercial room on the ground floor of the Elm St. side of the building.

Supt. D. W. Bailey said the thieves picked out four Royal standard typewriters, ignoring other type machines, including an expensive electric model.

The white pelican is one of the largest American birds. Its wingspread reaches nine feet.

## 60 Red Educators To Visit Cleveland

KENT, Ohio (AP)—Cleveland is expected to be one of the cities visited by 60 Russian educators on a tour of school systems late this year. It is a program arranged by the Comparative Education Society.

Dr. Gerald Read, society secretary and Kent State University education expert, said Wednesday that the Russians would visit four American cities in a reciprocal agreement with the society, which will send 60 educators from the United States to Russia in August.

The four Russian cities to be visited are Moscow, Leningrad, Kiev and Tashkent, Dr. Read said.

He said the U. S. cities that the Russians would visit have not been finally selected, but that the list certainly would include Cleveland.

Dr. Read returned recently from Russia, where he and Dr. William W. Brickman of New York University, president of the society, laid plans for the visit of the American educators and worked out the reciprocal agreement.

The educators will visit all types of schools in both countries and will exchange ideas in seminars and conferences. Dr. Read said the Russians would be guests of the society during their five-week stay in this country.

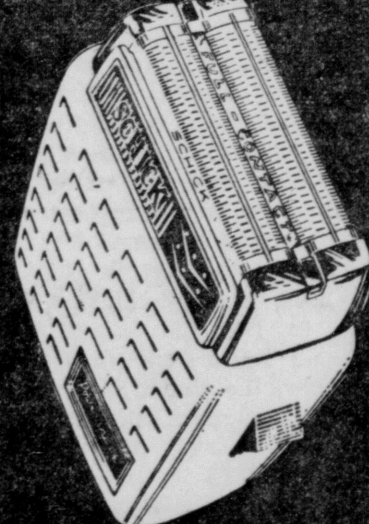

## 1st Degree Murder Trial Of Negro Adjourned

NEW YORK (AP)—The first degree murder trial of Leroy Keith, a 49-year-old Negro accused of shooting taxi driver David Suro Dec. 19, 1956, has been adjourned until Friday. The action is to allow a juror to attend a funeral today.

Keith, also wanted by Ohio authorities, allegedly shot Suro when the cabbie rammed his vehicle into a police car to obtain help after Keith drew a gun on him.

## Needless Slippery Streets

Many Salem motorists, attempting to drive home from work Wednesday evening, found the streets treacherously smooth because of snow and ice.

Hills, in a number of instances, were inaccessible when traffic became stopped. Wheels spun and frustrated drivers backed up and headed the other direction for a more level route. Fortunately, traffic was not too heavy on Wednesday or major tieups might have occurred.

It had snowed most of the day, intermittently. Motorists had observed

this and were cautious when they left for home. But, apparently, the snowy, freezing weather had not alarmed the city service department crews because they didn't come out with salt and cinder trucks until later in the evening.

The important point is that salt and ashes should be spread when the freeze first starts, not hours later after traffic is snarled and traffic accidents have resulted because of neglect on someone's part.

There will be more snow this winter. 'Nuf said?

## Bulganan Will Issue Invitations

It is a good guess in the wake of Premier Bulganin's second letter inking for international negotiations that the hottest topic of discussion among the recipients is what would happen if the United States turns a cold shoulder.

The second letter amounts to a declaration of intent to call a conference even if the United States stays away. This puts the other 18 governments on a diplomatic spot. It puts the United States on a spot, too.

A Russian-sponsored parley with the United States absent would be a counterpart of the NATO conference last month with the Soviet Union absent. But there would be this vital difference. The NATO conference was a pre-scheduled meeting of members of an organization which Russia never had joined. The meeting Bulganin is projecting would be a special conference of heads of government outside any existing organization.

It would amount to an attempt to set up a new conference of governments in which the United States would be only a guest, instead of a sponsor. It would signify that the other governments in attendance, although unwilling to go contrary to the wishes of the United States, were even more unwilling to go contrary to the wishes of the Soviet Union.

Thus, the second Bulganin letter is an overt move to capitalize quickly on events that have diminished the prestige of the United States, before this government can put into effect its determination to prove it can match and outdo Russia's accomplishments.

Every foreign office that has received the Bulganin letter now must ponder ways and means of dealing with the possibility that Russia might sponsor an international conference without the presence of the United States. President Eisenhower and State Secretary Dulles must ponder ways and means of minimizing the possibility — of averting it they can.

This is the Kremlin move that could have been predicted last October when Sputnik I

## Once Over

Teacher," said Little Willie, "I want science."

"We haven't any today," said teacher. "How are you fixed in reading and writing?" "They've had their day," the kid said. "My pop says I've got to be a scientist or else."

"It takes arithmetic," teacher warned. "There must be some way to get around it," declared Willie.

"Before you can understand science you must know algebra and chemistry," said teacher.

"There you go trying to make it harder," the kid sighed.

"You're not yet ready for science," said teacher.

"I've got to take science. It's an order," said Willie.

"From whom?" asked teacher.

"From my father, my mother, a few hundred congressmen and the White House," Willie replied.

"LISTEN, WILLIAM, how can you take science when you're not even doing well in Mother Goose, fingerpainting and elementary spelling?"

"That's your problem," said Little Willie. "My father says if the schools had been any good I would have honors in science by this time. If I don't know anything about algebra, it's your fault. The survival of America is at stake, my mother says. Do you want Russia kicking us?"

"No, but you must consider this. To know anything about science you have to do homework," said teacher. Willie seemed jolted by this. "You will have to cut down on TV shows, rock 'n' roll parties, who-dunits and rumbles," declared teacher.

Willie looked all beat up now.

"It might even mean you would have to study hard, put in longer school hours and concentrate," teacher said.

Willie was licked. "Okay. Let's get back to auto driving, group singing and American bird life," he said.

### HIZZONER'S LIST

MAYOR WAGNER of New York, asked if he had any candidates for a trip to moon, replied he had one but wanted to be sure he would not come back. With apologies to Gilbert and Sullivan he might say:

As nominees for moon trips are wanted right away.

I've got a little list, I've got a little list

And who never would be missed, who never would be missed:

Republicans who never cease the big knife to extend

And governors who frown upon more funds for me to spend—

## But Is That Second Bodyguard Necessary?

## Shrewd Or Penny-Pinching Folly?

By JAMES MARLOW

WASHINGTON (AP)—Up a tree. That's where the average man is right now on President Eisenhower's budget.

How can he tell whether this budget—a record for peacetime—is good or bad, wise or foolish, enough or too little? He doesn't know enough to decide.

And that goes for this writer. It's the only honest thing to say. In a little more than three months—since the Russian Sput-

niks shocked the world into sudden consciousness about pace and missiles—the average man has been forced to feel left behind and out of date.

He can't even guess, because he can't even visualize the problems, whether 500 million dollars for research is enough or whether five times that much is needed to keep this country abreast of Russia.

Worse than that: The average

man, to whom this new world of space flight is a blank, probably won't know for years whether this budget was shrewd or a penny-pinching folly. The results coming from this year's budget may not show up for years.

One thing is for sure: Eisenhower is bent on balancing the budget—that is, not spending more than the government expects to take in revenues of all kinds.

That was his goal when he took office. It still is.

To increase spending for defense, and still balance the budget, Eisenhower had to cut corners: by cutting down on domestic programs, such as public assistance, hospital construction, school construction.

That by itself raises a point:

Last year Eisenhower asked Congress for money to help states build schools. He was very positive a lot more schools were needed. No doubt more schools are needed this year, too.

But now he's dropping altogether the idea of money for schools—and instead is asking money to educate a limited number of young people, particularly in science.

The question therefore is: in this kind of society, rich and growing, is it for the good of the country to cut down on programs which only recently were deemed essential in order to save on spending?

Or would it be better to go a little deeper into the red and leave the budget unbalanced by spending more than the government expects to take in?

Eisenhower already has been both blamed and praised for the kind of budget he submitted.

Already—in fact, before he publicly disclosed his budget—some of the top generals complained he was not asking enough money for defense purposes.

This budget does not ask the people as a whole to make sacrifices. For example: while a tax cut appears out of the question this year, Eisenhower is not talking of raising taxes either.

One way to spend even more money—if more spending is really needed—and still balance the budget would be to raise taxes to increase federal revenue.

The budget Eisenhower offered is pretty much a business-as-usual budget. Only the future can pass judgment on his wisdom.

# Confiscatory Trend

By DAVID LAWRENCE

## Labor Wants to Share in Profits But Not Losses

Walter Reuther, president of the United Automobile Workers Union, has launched what seems on the surface to be an alluring idea. He

wants labor to share in the profits of the motorcar industry. But, strangely enough, he was omitted to say anything about sharing in the losses.

For in America it's a profit-and-loss system—not just a profit system—that has made the economy successful. Partners who want to share only the profits aren't usually accepted as participants in business because they would be of no help when business faltered.

The auto union chief, in effect, asks to have all the workers given the status of "owners" even though they do not contribute a nickel to buy plant and equipment or risk anything, as do the investors who must take losses of dividends when business is bad and even see their stock depreciate on the market.

The new plan, presented as a basis for "collective bargaining" by the leader of the Auto Workers Union, does not promise that the workers will increase the productivity of the company and help to reduce the total cost of making an automobile.

NO PLEDGE of any kind is offered that the workers will give anything in return for their extra pay. Mr. Reuther talks as if the employees were entitled to a share of the profits no matter what they do on the production line.

This is a bold concept that comes nearer to wanting to confiscate somebody else's property than anything union labor has ever proposed.

Profit sharing schemes are not new. Many businesses have them for executives as an incentive.

The word "incentive" has a specific meaning. Unless it can be shown that the executives are helping to increase the company's volume of sales and are efficiently operating the company's affairs, they do not deserve a bonus. The U. S. Internal Revenue Service allows a tax deduction for services actually rendered and it doesn't permit any deduction for gifts to employees.

Dividends to stockholders are not deductible for tax purposes and

are paid out of the 48 per cent of net income left after paying the government's 52 per cent tax. Yet Mr. Reuther lumps dividends to stockholders and bonuses in the same category, which he says can be paid out of profits before taxes. There really isn't any such thing as "profits before taxes" anyway, because Uncle Sam has a legal hold on 52 per cent of net income, and only the remainder is really "profits."

IT'S THAT remainder which must be big enough to maintain the business itself year after year. To determine the amount needed for this is a management function and not subject to "collective bargaining" with non-owners.

Mr. Reuther hasn't thought through, either, the other implications of his impractical proposal, which would lay hands on the management of a company and its earnings without assuming the slightest financial responsibility for the losses that could follow. The plan would deprive management of the right to determine whether each year a certain surplus should be built up. The union's 25 per cent would come before any determination of what was needed to be set aside to meet future deficits and for expansion of plant.

As for individual purchasers of automobiles, Mr. Reuther suggests that another 25 per cent of net income after normal expenses be given as a "rebate" to past customers.

THIS WOULD be a "gift." The motor companies would have difficulty justifying as a tax reduction any such rebate in the year 1959, for cars sold to the public in 1958 in a transaction regarded by both buyer and seller as previously closed.

It's a fantastic scheme for intensifying inflation. It emphasizes the greed idea and completely ignores the humanitarian side—what should be done to take care of the many workers who are being laid off because inflationary schemes have resulted in a severe recession and hardship to members of Mr. Reuther's own union.

When the unions acquire statesmen who are not socialists and who understand what has really made America's economic system prosper in the past, there will be hope for an increasing share for the workers—higher wages earned through increased productivity per man per hour all along the line.

New York Herald Tribune

## Ready to Testify

By TRUMAN TWILL

In the remote eventuality that the House Ways and Means Committee, which this year is going to review basic policies underlying federal tax laws, sees fit to call me as a witness, I am getting my notes ready.

The main thing I want to have looked into is the now-you-see-it, now-you-don't provisions of the existing tax laws. I think this is because all of us who cannot afford the high cost of expert advice about our taxes do not have a lobby in Washington, with the result that what we do not see is not supposed to hurt us.

With this I disagree. The fact is that the three out of four taxpayers who are classified as little guys are supposed to have both the first and final say about all tax laws through our own representatives in Congress—and I want to be sure my "lobbyists" are not susceptible to skin-game experts with special interests to serve.

After the loopholes that have been kept open for the foxes have been nailed up, I want the Ways and Means Committee to think about the equity of taxation. I am not inclined to look with favor on progressive tax rates in either direction. I do not think it is either just or sensible to let the "revenuers" drain off too much from either the top or the bottom of the disposable income of the country.

Either the "big guy" and the "little guy" should have the same privilege of whittling down their taxable income, or neither should have the privilege. And under no circumstances should either be entitled to it because his eye is quicker than the tax collector's hand.

For example, many "little guys" incur just as onerous expenses in the course of making their living as any of the "big guys" who are privileged to deduct onerous expenses from their taxable incomes. And to keep this presentation in balance, some big taxpayers are being denied privileges bestowed on the more numerous little taxpayers by politicians looking for votes.

I also want to say a few words to the Ways and Means Committee, if the opportunity presents itself, about the income tax form, starting with the jugged arrangement of the thing in pages, instead of in a continuous sheet so a taxpayer can see what he is doing without turning back and forth like a schoolboy aroused from a doze in Latin class. I also want to say a few words about the English language, which is the world's clearest medium of communication until it gets into the hands of government gobbledygookers.

I have not looked at the new form. As a matter of fact, I never

### SIDE GLANCES

By Galbraith

"It's my folks' fault I'm an old maid 20 years old—I had four or five proposals before I was 16!"

IN A HARTFORD, CONN., cemetery is a grave marked "Little Miss 1565." It is on the grave of a 6-year-old child killed in the circus fire at Hartford 14 years ago in which 167 died and over 500 were injured in perhaps the greatest "big top" tragedy in history. "1565" was the number assigned to the child's remains in the morgue, and to this day there has never been any other identification, despite fact child's face was unmarred and she went to circus with somebody.

Joseph A. Owen, in Yankee Magazine, says, "Investigators believe Little Miss 1565 went to show with parents, who died in fire, and relatives claimed indistinguishable body as the child," and adds, "nevertheless a school class, a street, a home lost a little girl July 6, 1944, and after all these years there is mystery."

## THE COMMON COLD:

# Complications often Serious

By W. W. BAUER, M.D.  
Director of Health Education  
American Medical Association

Colds don't kill people, but their many complications may be serious and sometimes fatal. The sulfa drugs and the antibiotics have changed this a great deal for the better, but there is still much suffering, discomfort, disability, and loss of time, chargeable to the aftermath of the cold.

Physicians and public health authorities keep reminding people to take the advice to stay at home and take care of a cold, in order to avoid complications.

Complications can often be prevented, or at least minimized by appropriate care during the first week, and especially the first three days.

The complications of the cold are not due to the cold virus itself. This soon is overcome. But the nose, mouth and throat are hothouses for germs, many of them capable of causing disease. And the anatomy of the breathing organs is such that infection can

travel readily from one area to another. The membrane lining the nose, the mouth and the throat are continuous with each other, and with the sinuses which connect with the nose.

Through the larynx, they are also continuous with the membranes of the larynx and the main breathing tube, the trachea, and through that, with the lungs. The nose also communicates with the eyes through the tear ducts. Similarly, small tubes lead to the ears from the throat.

The complications of colds begin with the eyes. Inflammations of the eye membrane, the conjunctiva, are by no means uncommon.

One of the more distressing sequelae is infection of a tear duct; this may lead to its closure, and subsequent drainage of the tears over the cheek—a major annoyance.

The nasal sinuses often become involved in secondary infections following colds. They have narrow openings which become blocked by swollen mucous membrane

and the result is that they either fill up with infected secretion, or they develop a vacuum; either is painful.

Neglected, such infections can become chronic, and be the cause of long-continued suffering, difficult to overcome. Chronic infection in the sinuses, especially those behind the nose, may account for a chronic post-nasal drip.

**Hearing Menaced**  
In the throat there is much spongy tissue of the same type as the tonsils; this is very susceptible to infection. Here also are the openings of the Eustachian tubes, mentioned earlier, which lead to the middle ear on each side and admit air behind the eardrum.

This tube may be the pathway of infection into the ear, with possible immediate damage to hearing, or of chronic infection and ultimately impaired hearing.

From the middle ear, the infection may travel to the mastoid cells behind the ear. The possibilities for damage from wandering germs in these labyrinths are almost limitless.

Hoarseness, a common symptom in colds, is due to inflammation in the larynx; this, too, may become chronic as a result of repeated colds, and seriously affect the voice. Speakers and singers, who use the voice a great deal, are particularly prone to laryngitis.

When the infection extends still deeper into the trachea, and the lungs, we have the chest coughs which often prove so stubborn, and possibly pneumonia.

It is quite true that the sulfa drugs and antibiotics enable the doctor to handle these complications much more successfully than formerly, but there is not now and probably never will be any guarantee that in a given case, a complication may not prove extremely serious or at least very troublesome. It is smarter to avoid them.

The way to avoid complications is to take good care of yourself from the beginning of a cold; if it is not better in three days, or if there is fever, call a physician.

Tomorrow: What to do.

## Methodists to Support Education of Negroes

CINCINNATI (AP)—The Board of Education of the Methodist Church proposes to raise a million dollars a year for higher education for Negroes.

The board, winding up its annual meeting here Wednesday said some states have passed laws permitting the abolition of public schools and added that efforts might be made to use church facilities to maintain segregated schools.

"Segregated parochial schools are advocated by some as an alternative to non-segregated schools," the board said. "We believe such proposals contain elements which endanger our democratic way of life and threaten the integrity of our churches."

The board said it proposes to raise the money for higher education of Negroes at a church-wide racial relations offering Feb. 9.

Declaring the Methodist church does not support segregated education, the board said the money would go to support Negro colleges related to the church.

The National Congress of Parents and Teachers has existed for 61 years. It sponsored hot school lunches and traffic safety programs.

## Rehearing Bid On Axle-Tax Is Refused

COLUMBUS, Ohio (AP)—The Ohio Supreme Court denied a rehearing Wednesday on its refusal to order reciprocity agreement with Michigan on Ohio's big truck axle-tax. It was requested by Interstate Motor Freight System of Michigan and other firms.

In other actions the court: Refused to reconsider an earlier decision affirming disbarment of J. Harvey Crow of Urbana and Cleveland from the practice of law. The Champaign County Common Pleas Court disbarred Crow May 14, 1955, for misconduct and unprofessional conduct involving moral turpitude in the handling of divorce and other cases. Appeals were unsuccessful.

Let stand Mahoning County decisions denying Dominic Butch damages from James Bell as the result of a traffic accident Jan. 19, 1955, at Market Street and Midlothian Avenue, Youngstown.

Let stand the statutory conviction of Michael T. Burke, Canton, who claimed charges should be dismissed for failure to receive a prompt trial. He pleaded innocent to felony charges Oct. 25, 1956, and was convicted Feb. 19, 1957, in Stark County Common Pleas Court. An appellate court affirmed.

Let stand Licking County decisions denying Richard Kochendorf for a new trial on grounds he received improper notification in a suit by the Guenther & Johnson Insurance Agency that was awarded a \$1,180 judgment against Kochendorf.

Unanimously dismissed the appeal of Charles W. Drye, owner with Howard Clay of Bun's Place, Mansfield, from action by Robert E. Mabey, Mansfield city solicitor, against the restaurant as a public nuisance. Mabey charged that gambling and prostitution were permitted there.

## Former Williams County Head Pleads Innocent

BRYAN, Ohio (AP)—Garland A. Beck, 55, former Williams County treasurer, Wednesday pleaded innocent to four indictments charging him with larceny and embezzlement of \$7,098 in office funds. Judge Russell V.M. Maxwell, before whom he was arraigned Wednesday, set Feb. 17 as the trial date on the first indictment, charging a \$1,656 shortage in sales tax funds. No trial dates were set for the other three charges.

## Picture on Passport Can Now Be in Color

WILMINGTON, Del. (AP)—Frances G. Knight, director of the U.S. Passport Office in Washington, said Wednesday night tourists will be permitted to use colored prints for their official pictures effective Feb. 1 because of numerous complaints that "they look ugly on passport photographs."

And in case you're interested, Miss Knight said in a speech at a travel forum that she has already received several passport applications for the first trip to outer space.

White ants are not ants. They are termites.

## Freeway to Cost \$22 Million Less Than First Estimated

COLUMBUS, Ohio (AP)—The Ohio Department of Highways today disclosed that the south leg of the Cincinnati to Conneaut Freeway will cost 22 million dollars less than first estimated.

The department said the Freeway section will cost an estimated \$6,177,000. Last September, consulting engineers made a very preliminary estimate of \$85,290,000.

Department spokesmen said the lower estimate is based on information that was not available when the first estimate was made. The same consulting engineers made both estimates.

The 73.9-mile section extends from the Hamilton County line to Harrisburg in Franklin County.

Department engineers are studying the route for the section recommended by two consulting engineering firms—Louis Berger and Associates of Harrisburg, Pa., and Elmer S. Barrett Associates of Chillicothe, Ohio.

The route is essentially the same as they recommended in an earlier report to the department, generally parallel to and west of Ohio 3.

The consultants recommended the Freeway be six lanes wide from the Hamilton County line to near Ohio 123 in Warren County, to accommodate anticipated heavy traffic. The rest of the route would be four lanes wide with provision for expansion when traffic density warrants.

Construction can not begin until after June 30, 1959, because the project is not on the current construction program which ends then.

Twelve additional interchanges,

## Man Finds Easy Way To Get Name in Papers

CHICAGO (AP)—Willie Lewis is a 52-year-old glass blower who says he likes to "impress the girls" and "see my name in the papers."

That's why he inflated a \$50 robbery into an eyebrow-lifting \$221,000 job, he told police.

Lewis, a Negro, had reported that two men forced their way into his South Side apartment, slashed open his money satchel and escaped with \$21,000 he had hidden because he didn't trust banks.

He said he won the money gambling in the Army in 1945, but under questioning said he actually saved only \$500—by selling lunches to fellow workers at the plant where he is employed.

# The Social Notebook

SALEM BAPTIST YOUTH will entertain the Baptist Wooster Youth Association Sunday at the church from 3 to 5:30. All young people of the church are invited.

The purpose of the occasion is to observe Race Relations day; and the program will include a movie, "The Broken Mask," a drama concerning present-day racial problems. The program theme is "In Christ There is no East or West."

General chairman for the day is Sherrill Hutson, Outreach chairman for the association. Judy Thompson is in charge of the recreational period; Sharon Falls is supervising the decorations; and Nancy London is in charge of refreshments. The business meeting will be conducted by Tom Papely.

The Wooster Association includes youth from Baptist churches in Canton, Alliance, Massillon, Newnan, Locust Grove and Salem.

OFFICERS OF THE Salem Branch, American Association of University Women were installed at Tuesday night's meeting in the Memorial Building. Twenty-one members were present.

Mrs. Harold Wakefield president of the Alliance Branch, installed the following officers: President, Mrs. Arthur Vaughan; vice president, Mrs. Edward Redpath; secretary, Miss Helen Thorp; treasurer, Miss Alta Zimmerman.

Study plans were explained by committee chairmen who were introduced. They are: Mrs. Robert Davis, social and economic issues; Mrs. Richard Cook, the arts; Mrs. Dan Sutherland, the status of women; Mrs. Harold Crook, fellowship; Mrs. James Gorman, legislation; Miss Zimmerman, secondary education; and Miss Edith Forbes, elementary education. The next meeting is scheduled for Feb. 11.

MRS. FRANK DIEHL was re-elected president of the Salem Saxons Chorus during a recent meeting. Other officers elected are: Fred Theiss, vice president; Miss Mary Ratcher, secretary; Mrs. Eugene Spack, treasurer; and Mrs. E. W. Baker, librarian.

A social hour will follow the rehearsal on Tuesday honoring those whose birthdays are in January. The committee in charge includes Mrs. John Stefane, Miss Ratcher and Mike Stumperth. All former members and social members are invited to attend the event at the Saxon Club.

It was announced that a fish fry, to which the public is invited, is scheduled for Feb. 21 at the Saxon Club. Also on the agenda is a spring concert with the exact date to be announced later.

Carl Meinhardt is the chorus director, and Mrs. C. Davis, accompanist. Both are from Leetonia.

FORTY WOMEN attended the Tuesday afternoon luncheon-bridge session of the Women's Association of the Salem Golf Club.

Card honors were awarded the following: Duplicate bridge, Mrs. Marie Allison, Mrs. Lozier Caplan, first; Mrs. Maurice Baum, Mrs. H. A. Enemark, second; contract bridge, Mrs. Lee Bookwalter, first; Mrs. Robert Maurer, second; gin rummy, Mrs. Earl Miller and Mrs. Russell Moffett. All members of the association are invited to attend the parties held each Tuesday afternoon.

MRS. JEAN BISSETT, art instructor at Salem High School, was guest speaker at the Progressive Mothers Club meeting Tuesday evening at the home of Mrs. Ray Dean of Albany Road.

Mrs. David Keller presided and Mrs. Dean reported on the gifts sent to needy families. Mrs. Keller stressed the need for the members and their families to participate in the local blood donor program.

Mrs. James Giffin, program chairman, introduced Mrs. Bissett, who gave a history of 6,000 years of art. She traced art through the Greeks and Romans. To illustrate the Renaissance period, she created an oil painting of the style of art during that era.

She concluded the program with the explanation of the influence of outdoor painters, the use of color in motion and the influence of the French masters.

Mrs. Don Reichart and Mrs. Mary Lou Kuhl were co-hostesses. A program in keeping with the club's 20th anniversary, will be presented at the Jan. 28 meeting when Mrs. Kenneth Pinkerton of 193 Fair Ave. is hostess.

THE 90TH BIRTHDAY anniversary of Mrs. Nettie Morgan of Lakewood, a former Salem resident, will be observed Tuesday.

She resided here 80 years until moving to Lakewood where she resides with her daughter, Mrs. F. William Daeuble of 2161 Niagara Drive. Her husband, Wayne Morgan, died in 1949, and a son, Harry A., died in 1946.

Mrs. Morgan was born here, the daughter of George W. and Wilhelmina Moff.

Her sister, Mrs. Ella Barker and three nieces, Mrs. Emily Paxson, Mrs. Claude Phipps and Mrs. Dana Floding are residents here.

THE FIRST DEGREE will be bestowed on five candidates at the meeting of Knights of Columbus Council 1818 Monday night.

A business meeting will follow with Grand Knight Leo Taugher presiding.

worship service, "Japan Today" was the theme of Mrs. Clarence Weingart's program.

Mrs. Frank Baird and Mrs. John King will be hostesses at the Feb. 13 meeting at the church. Mrs. Willard Headland and Mrs. Charles Venable will be in charge of the worship service and program.

MISS DOROTHEA SLANKER was elected president of the Petitions Club at a recent meeting at the home of Miss Mary Alice Detimore of Mound St.

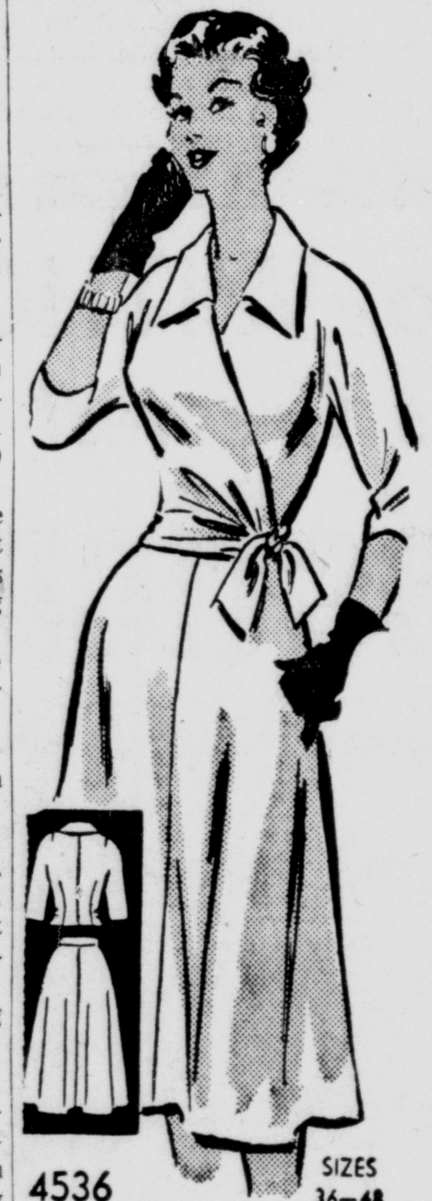

Other officers chosen are: Maureen Gonda, vice president; Carol Keener, secretary; and Gery Pastorelli, treasurer.

Club pictures were taken at the home of Bonnie Reese of Cleveland St. recently.

Members elected Miss Pastorelli as a queen candidate for the cosmetologists record hop. Ginny Sterling of Homewood Ave. will be the next hostess.

WELCOME WAGON BRIDGE Club met Tuesday at the home of Mrs. Robert Lyons of W. Wilson

REGISTERED JEWELERS AMERICAN GEM SOCIETY

E. STATE ED 7-6183

St. Guests were Mrs. Jerome Kaufman and Mrs. Harry Tietjen.

Bridge honors were won by Mrs. Charles Corbett, Mrs. Norman Flack and Mrs. Lyons.

The next meeting will be with Mrs. Loyal Phillips of Murie Drive.

DARRYL ADAMS, out going president of Emmanuel Luther League, presided over the meeting Sunday evening when Louis Slaby was elected president for 1958.

Other officers are: Ray Gottschling, vice president; Bonnie Minth, secretary; and Paul Herman, treasurer. This group met Monday evening in the parsonage and set up meeting plans for February and March and chose Luther League project chairmen.

Helen Liebhart was chosen to head the work of spiritual growth. Carol Meissner, service department; Donna Weber, literature; Susan Ulrich, recreation; Mary Lou Hoprich, choral union; Ron Linder, Bible camp.

Mark Weber was appointed by the executive committee to handle promotions in the local league for the International Luther League convention to be held at Cornell University in August.

Danny Weber, president of the Youngstown Federation of Luther Leagues of the American Lutheran Church, is handling promotional work for the federation.

Emmanuel's League officers also planned a building fund project for the local group and will present it at the next meeting Jan. 26. The suggested project will take the form of building a model church brick by brick with the Luther Leagues purchasing the bricks individually on a volunteer basis. Proceeds would be designated for some special use for the youth in future building which Emmanuel Church is contemplating.

Michael Zeck of 873 S. Union Ave. left Sunday for San Bernardino, Calif., for an indefinite visit with his son-in-law and daughter, Mr. and Mrs. H. K. Woodward.

BYRON MAXSON (second from right), retiring as manager of the Murphy store after 30 years, receives a gift on behalf of the employees at dinner held in his honor Tuesday night. Making the presentation is Miss Mary Bova. At extreme right is Mrs. Maxson and at extreme left is the new store manager, Edward Lautner.

## Employees Honor Maxson On Retirement At Murphy Co.

Byron M. Maxson, retiring manager of the G. C. Murphy Co. store after 30 years of service here, was honored at a surprise dinner Tuesday night at Timberlaine.

Miss Mary Bova presented the honoree with an electric sander and metal carrying case along with a fluorescent lighting unit to be used in the workshop at Maxson's home.

Edward Lautner, Maxson's successor, acted as master of ceremonies.

Fifty-five employees and friends attended the fete, including Maxson's son Edward an wife of Pittsburgh, D. L. Tormey, Murphy's home office executive; Rev. A. L. Carter, pastor of the Presbyterian church, an Mrs. Carter, Joseph Jacobs, new assistant manager at the store, and his wife, Mr. and Mrs. William Rance and Miss Dorothy Welch.

Other gifts were given Mr. Maxson by Miss Twila Myers, a white carnation, and a corsage of red roses by Miss Bova. Lautner was chairman of the dinner and was assisted by Miss Bova, Miss Myers, Miss Nila Primm, Mrs. Lee Hoskinson, Mrs. Vivian Faulkner, Mrs. Doris Park and Miss Esther Mitchell.

Dusting ceilings and walls of a home occasionally with a sweeper attachment will keep them looking nice longer. This also avoids smudges made by a quick sweep of a dust-cloth covered broom.

## YOUR INCOME TAX PRIMER: Chapter Three

## Claim All Your Exemptions

By RICHARD A. MULLENS

One problem all taxpayers face is how many exemptions to claim.

Every taxpayer, regardless of the amount of his income or the tax form used, is entitled to at least one exemption, and most taxpayers are entitled to claim more. It pays to claim all your legal exemptions because each exemption reduces taxable income by \$600 and saves at least \$120 in tax.

**THIS YEAR**, the official instructions for Form 1040 have been expanded to give you much of the helpful information on exemptions which was contained in the Tax Primers for previous years.

Following its policy of giving reader helpful information to supplement and explain the official instructions, instead of repeating what is readily available to all taxpayers, the Primer for this year will contain examples which will show how some of the more difficult exemption tests are applied.

It should be noted that the official instructions for Form 1040 are so condensed that they leave out much of the helpful information in the Form 1040 instructions. If you have trouble figuring your exemptions, get a copy of the instructions for Form 1040 and read them along with this article.

**LET'S TAKE UP FIRST** the exemptions for you and your wife.

The official instructions make it clear that extra exemptions are allowed when you or your wife reach 65 or are blind. It will help you to figure the exemptions for you and your wife if you remember two things:

First — An individual was 65 or over in 1957 if his 65th birthday was on or before Jan. 1, 1958.

Second — Unlike your dependents, you cannot claim your wife as an exemption if she files a separate return to get back the tax withheld on her earnings of less than \$600.

If your wife has income of less than \$600, you should file a joint return. Her income has to be included with yours, but you get a \$600 exemption for her (more if she is 65 or blind) so it's cheaper than filing separate returns.

Furthermore, even though your wife had no income during 1957, you cannot claim an exemption for her if you file a separate return and she is claimed as a dependent by another taxpayer who furnishes more than one-half of her support.

Another advantage of filing a joint return is that dependents of either the husband or wife can be claimed on the return.

**EXEMPTIONS FOR** your children and others:

## TAX QUIZ ON EXEMPTIONS

Check what you think is the correct answer and then compare with the answer chart below:

1. Your 15-year-old son worked in a grocery store during the summer of 1957. He earned \$375 but had \$60 of this amount withheld for Federal income tax. You supported him during 1957. Is he required to file a tax return?

( ) A. Yes.

( ) B. No, but if he does file a return to get back the \$60 tax

earned \$750 last summer. You provided over half of her support. Check the one condition which will permit you to claim her as a dependent.

( ) A. She must not have been married in 1957.

( ) B. She must have been a student in each of five calendar months during 1957.

( ) C. She must have learned how to cook during 1957.

Correct Answers: 1 is C; 2 is A; 3 is B.

When is a child legally adopted? A child is not legally adopted until a court decree is entered.

Some states provide for an inter-courtesy adoption decree, which is really a temporary court decree pending a subsequent final decree. In such a case, the child is considered legally adopted when the inter-courtesy decree is entered.

Dependents ordinarily must have gross income of less than \$600. How does this apply to children?

Explanation: This test does not apply to your child, stepchild or adopted child who did not reach his 19th birthday on or before Jan. 1, 1958; or, even though the child was 19 or over in 1957, the test does not apply if he was a student in each of five calendar months during 1957.

**THIS MEANS** that you no longer lose an exemption for your child just because he earns over \$600. He must, of course, file a return, but he is entitled to an exemption for himself and this does not prevent your claiming him as a dependent provided he meets the other tests. Remember that gifts or nontaxable income received by the child such as dividends on GI insurance, disability payments and insurance proceeds, are not included in his gross income.

authorized disposal of four billion dollars worth.

**Should Expand Research**

9. Expand research to develop new industrial uses for farm products. The President called for increased funds for this in his budget message.

10. Extend the National Wool Act authorizing incentive payments to supplement grower returns.

11. Extend the special school milk program authorizing the department to contribute 75 million dollars a year to help pay for milk served in school.

12. Legislation to broaden sources of loans for rural power and telephone projects. At present, the government provides such funds. Suggested has been a plan under which the government would increase interest rates, because private loans are being made only at rates double or more the present government rate of 2 per cent. But to get such lending funds, the government itself must pay more than 2 per cent. Hence, it loses money on present loans.

**Require State Contributions**

13. Legislation requiring the states to contribute to federal disaster relief programs for farmers.

14. Narrow, probably through both legislation and appropriations, the scope of the agricultural conservation program to pay farmers subsidies only for carrying out permanent soil and water conservation practices and measures. This would eliminate subsidies for annual practices, such as application of lime and fertilizer.

Eisenhower offered no figures as to what effect his program would have on government spending for farm aids. But Agriculture Department officials estimated that 300 to 500 million dollars might be cut from the present outlay of about 2 billion dollars a year for price supports.

They said that if markets could be expanded sufficiently the entire cost of the price support program could be eliminated.

Under the President's proposal, the price support for wheat, for example, could be reduced from the present rate \$2 a bushel to about \$1.43 a bushel. The support rate for rice could be reduced from the present \$4.72 a hundred pounds to \$3.50.

**FINED AT LISBON**

LISBON — Russell H. Hose, 52, of Wellsville, was fined \$203 and sentenced to three days in jail at a hearing today on a charge of driving while intoxicated. He was arrested by the state patrol.

car driven by Dewey D. Jensen, 59, of 781 E. 3rd St., struck him from the rear.

No one was injured but extensive damage was done to both cars.

Jensen was cited for failing to stop within the assured clear distance ahead, according to the patrol.

**Truck Rams Auto**

A truck loaded with coal crashed into the rear of a car driven by Elsie Marino of RD 1, Salem, on Rt. 14, two miles Northwest of Salem at 12:20 p.m.

The accident occurred when the truck driven by Clifford Jenkins, 35, of Rogers, passed an unidentified car and then crashed into the Marino car. Both vehicles were traveling north at the time.

No one was injured but the Marino car was demolished.

Jenkins was cited for reckless operation.

A sixth accident occurred on Rt. 7, three miles north of East Liverpool at 1:15 p.m. when a car driven by Russell H. Hose, 50, of Wellsville, swerved into the path of a truck driven by John Cornwell, 24, of Elkins, W. Va., as it was attempting to pass.

The Hose auto was pushed into a ditch on the right side of the road and was demolished. No one was injured.

Hose was cited for driving while intoxicated.

**Willow Grove Grange Plans Party Saturday**

Willow Grove Grange will have a "good-time" party Saturday, 8:30 the grange hall beginning at 8:30 p.m. The public is invited to attend.

Round, square and popular dancing will be featured. Lloyd Sanor will furnish the music and do the calling for the square dance.

The dance committee includes Mr. and Mrs. William Sherwood, Mr. and Mrs. Virgil Sanor and Mr. and Mrs. Don Sanor.

earned \$750 last summer. You provided over half of her support. Check the one condition which will permit you to claim her as a dependent.

( ) A. She must not have been married in 1957.

( ) B. She must have been a student in each of five calendar months during 1957.

( ) C. She must have learned how to cook during 1957.

Correct Answers: 1 is C; 2 is A; 3 is B.

earned \$750 last summer. You provided over half of her support. Check the one condition which will permit you to claim her as a dependent.

( ) A. She must not have been married in 1957.

( ) B. She must have been a student in each of five calendar months during 1957.

( ) C. She must have learned how to cook during 1957.

Correct Answers: 1 is C; 2 is A; 3 is B.

When is a child legally adopted? A child is not legally adopted until a court decree is entered.

Some states provide for an inter-courtesy adoption decree, which is really a temporary court decree pending a subsequent final decree. In such a case, the child is considered legally adopted when the inter-courtesy decree is entered.

Dependents ordinarily must have gross income of less than \$600. How does this apply to children?

Explanation: This test does not apply to your child, stepchild or adopted child who did not reach his 19th birthday on or before Jan. 1, 1958; or, even though the child was 19 or over in 1957, the test does not apply if he was a student in each of five calendar months during 1957.

**THIS MEANS** that you no longer lose an exemption for your child just because he earns over \$600. He must, of course, file a return, but he is entitled to an exemption for himself and this does not prevent your claiming him as a dependent provided he meets the other tests. Remember that gifts or nontaxable income received by the child such as dividends on GI insurance, disability payments and insurance proceeds, are not included in his gross income.

authorized disposal of four billion dollars worth.

**Should Expand Research**

9. Expand research to develop new industrial uses for farm products. The President called for increased funds for this in his budget message.

10. Extend the National Wool Act authorizing incentive payments to supplement grower returns.

11. Extend the special school milk program authorizing the department to contribute 75 million dollars a year to help pay for milk served in school.

12. Legislation to broaden sources of loans for rural power and telephone projects. At present, the government provides such funds. Suggested has been a plan under which the government would increase interest rates, because private loans are being made only at rates double or more the present government rate of 2 per cent. But to get such lending funds, the government itself must pay more than 2 per cent. Hence, it loses money on present loans.

**Require State Contributions**

13. Legislation requiring the states to contribute to federal disaster relief programs for farmers.

14. Narrow, probably through both legislation and appropriations, the scope of the agricultural conservation program to pay farmers subsidies only for carrying out permanent soil and water conservation practices and measures. This would eliminate subsidies for annual practices, such as application of lime and fertilizer.

Eisenhower offered no figures as to what effect his program would have on government spending for farm aids. But Agriculture Department officials estimated that 300 to 500 million dollars might be cut from the present outlay of about 2 billion dollars a year for price supports.

They said that if markets could be expanded sufficiently the entire cost of the price support program could be eliminated.

Under the President's proposal, the price support for wheat, for example, could be reduced from the present rate \$2 a bushel to about \$1.43 a bushel. The support rate for rice could be reduced from the present \$4.72 a hundred pounds to \$3.50.

## Rites For Trucker Will Be Saturday

Eldis R. Zeller, 42, of Alliance, died of suffocation at 3:30 a.m. Wednesday when he was pinned in the crushed cab of a flatbed trailer. It tipped over on Rt. 7 at Farnham Hill, south of Conneaut during a freezing rainfall. The trailer was loaded with bricks.

Born near Beloit Dec. 27, 1915, he was the son of Mr. and Mrs. Jacob Zeller.

He was employed by the Deima Trucking Co., and was a member of the Moose Lodge of Alliance and Fairmount Grange.

Besides his parents, who reside in Homeworth, he leaves his wife, Helen Striffler Zeller; three daughters, Mrs. Edythe Hudson of Alliance, Linda and Jean of the home; and two sons, Eldis Jr. and Lynn of the home; four brothers, Edward of Paris, O., Leonard and Willis of Alliance and Kenneth of Beloit; and two sisters, Mrs. Agnes Ramsayer of Damascus and Mrs. Gladys Irwin of San Francisco, Calif.

Services will be Saturday at 1:30 p.m. at the Cassidy-Turk Funeral Home, with Rev. Richard Borngren, pastor of Bethel Evangelical and Reformed Church, officiating. Burial will be in East Beech Cemetery.

Friends may call at the funeral home Friday from 7 to 9 p.m.

**Canvass Planned By Girl Scouts**

The Salem Girl Scouts will conduct a house-to-house canvass on Sunday from 1 to 4 p.m. in an effort to obtain funds for the March of Dimes.

The girls will assemble at the American Legion home at 12:45 p.m.

In case of bad weather, the canvass will be held Sunday, Jan. 26.

John Herman Jr. is requesting persons with cars to donate one hour of their time to help drive the girls to the different homes. Persons interested may call Herman at ED 7-7717.

Mrs. James Minamy is service chairman for the girl scouts.

**Community Institutes Planned For February**

Only two community institutes are going to be held in Columbiana County this year, according to Floyd Lower, county farm extension agent.

One will be held for West Township the night of Feb. 20 and all day Feb. 21. It will be held in the West School at East Rochester.

Carl Murray of Minerva will be in charge of this meeting.

Hanover Township institute will be held the night of Feb. 21 and all day Feb. 22. It will be held at United Local school north of Hanover.

Mrs. Clara Bode of Youngstown, a minister's wife and well known speaker, will be the guest speaker for both institutes. Lower said.

**Postmaster Decision Awaited In Few Days**

The applications of 14 persons seeking nomination as acting postmaster were reviewed by the Salem Republican party at a meeting Wednesday.

Final recommendation of the party's endorsement will be deferred until another meeting to be held within a few days, it was announced.

The recommendation will be sent to the Columbiana GOP executive committee, which, in turn, will send it to U.S. Senator John W. Bricker for final approval.

Postmaster L. D. Beardmore died Nov. 11, causing the vacancy.

**2 Drivers Get Hearings Before Leetonia Mayor**

LEETONIA — Mayor Ralph B. Kennedy fined one driver and bound another over to grand jury during traffic court Wednesday night.

Anthony Gabriel of Leetonia was fined \$25 and costs on a charge of reckless operation.

Lebbie Senior of Lisbon pleaded not guilty to a charge of being in physical control of a motor vehicle while under the influence of intoxicating liquors. He was released on \$200 bond, and the case was referred to the grand jury.

Both arrests were made by state highway patrolmen.

**East Palestine Auto Skids Through Gates**

EAST PALESTINE — Junior Felger, 37, of N. Market St., escaped possible serious injury when the car he was driving skidded through a gate at a railroad crossing, almost striking a passing train at 5:45 p.m. Wednesday.

**IN MAYOR'S COURT**

Two persons were fined a total of \$60 and costs when arraigned before Mayor Harold D. Smith on Wednesday afternoon.

Fined were William N. Hively, 54, of Lisbon, \$10, failure to observe traffic signs; and John A. Kister, 30, of Cornwells Heights, Pa., \$50, truck overload.

**DAG ARRIVES IN LONDON**

LONDON (AP) — U.N. Secretary General Dag Hammarskjöld arrived by air from New York today to discuss world problems with Foreign Secretary Selwyn Lloyd.

## Deaths and Funerals

## Mrs. James Simpson

Mrs. Frances Simpson, 86, died Tuesday at a nursing home in Wellsville.

Born east of Salem, Nov. 15, 1871, she was the daughter of Lewis and Oretta Baker Reed. On July 1, 1896, she married James E. Simpson, who preceded her in death.

She had resided in Wellsville the past 50

LEETONIA

# Groups To Award Cash Prizes At OSI Dance Saturday Night

LEETONIA — There will be a dance Saturday at the O.S.I. for the drawing for the annual Kiddies Christmas Party which was held Dec. 22.

The party is sponsored annually by the American Legion, Eagles, Knights of Columbus and O.S.I. The drawing for the cash prizes will be held at the dance sometime from 10 p.m. and 1 a.m.

All tickets and refunds must be in by Saturday.

Mr. and Mrs. John Mullen celebrated their 50th wedding anniversary Sunday with a family dinner at the Valley Golf Club at Colum-

biana. Mr. and Mrs. Mullen held open house in the afternoon and evening.

Mr. and Mrs. Mullen were married Jan. 8, 1908 at St. Aloysius Church in East Liverpool by Rev. John McGoogan, brother of Mrs. Mullen. Their attendants were her sister and husband, Mr. and Mrs. George Johning.

The couple have four daughters, Mrs. Clifford Carroll of Buffalo, N.Y., Mrs. John Klaser of Youngstown and Mrs. Ray Tomes and Elizabeth of Leetonia and four grandchildren.

tained the Coterie Club Monday. Prizes went to Mrs. Evelyn Manning and Mrs. Earl Kyser.

The club will meet with Mrs. Vic Hedl Feb. 10.

The Past Noble Grand Club of D. Wallace Rebekah Lodge will meet with Mrs. Ed Gotthardt Monday evening.

D. Wallace Rebekah Lodge will sponsor a benefit card party this evening.

## 2 Men Held in Dayton For Robbery, Beatings

DAYTON, Ohio (AP)—Dayton police are holding for investigation two men they say admitted the robbery-beating of two Waynesville gasoline station attendants in neighboring Warren County.

Detective Sgt. Charles Teeter identified the two men held as William L. Johnson Jr., 21, and Russell Thomas Brenner, 20, both of Dayton.

Warren County Sheriff Richard Satterthwaite said Howard Carnes, 44, and Donald King, 35, were hospitalized Wednesday after two masked men entered their station at the north edge of Waynesville, beat them over the head with a tire tool or auto spring and fled with an undetermined amount of money.

## State Institution At Marion Praised By Ohio Examiners

COLUMBUS, Ohio (AP)—State examiners today praised management of the Marion Correctional Institution, but charged public money was wasted in its planning and construction three to four years ago.

The report, released by State Auditor James A. Rhodes, said the new institution, now housing 1,150 inmates, is clean, efficiently operated and has satisfactory records.

But, the examiners reported, the size of the 70-bed hospital at the institution north of Marion is "out of line with the needs of the inmates" and estimated the average

number of patients in the hospital will be only 11.7 per day.

Also, they said, a special kitchen on the third floor of the hospital furnished at a cost of \$26,375, is not needed and never has been used. The report adds there is \$47,507 worth of other unused kitchen equipment.

Examiners also criticized construction of a 175-foot smoke stack for the power house steam boilers and later installation of forced draft boilers which made it unnecessary to have a stack over 125 feet. Cost of the unnecessary 50 feet of stack was estimated at \$6,500.

The fold-up metal tube, used today by toothpaste and other "Squeezeable" products, was invented in 1841 by John Rand, a portrait artist.

## 30-Day Weather Forecast Issued

WASHINGTON (AP)—The Weather Bureau Wednesday forecast temperatures averaging below seasonal normals for most of the East and near to above normal temperatures for most of the West between mid-January and mid-February.

The bureau said in its 30-day forecast:

"Temperatures to average below seasonal normals over the eastern half of the nation, except for near normal in New England. Greatest departures are indicated in states bordering the Gulf of Mexico. Over the western half of the country near to above normal temperatures are expected to prevail.

"Precipitation is predicted to exceed normal in Gulf Coast states and along the Atlantic seaboard with considerable snow from Virginia northward. Subnormal amounts are indicated over the northern half of the country from the Great Lakes westward to the Pacific Northwest. In areas not specified near normal amounts are in prospect."

## Billy Graham Drops Venezuela From Tour

ASHEVILLE, N.C. (AP)—Acting on advice from his sponsors in Venezuela, evangelist Billy Graham said he has dropped that country from his Latin America preaching tour which starts Monday.

Graham said Wednesday he received a cablegram from the committee planning his scheduled two-week crusade in Venezuela advising him to cancel the revival because of politically unstable conditions there.

He departs Monday for speaking engagements in Jamaica, Puerto Rico, Barbados, Trinidad, Panama, Costa Rica, Guatemala and Mexico, in that order.

The Venezuelan political climate has been uncertain since New Year's Day when President Marcos Perez Jimenez thwarted an attempted military revolt.

## TO BE HAINES' AID

COLUMBUS, Ohio (AP)—A retired Army colonel, William M. Clark, today was appointed administrative assistant to Dr. Robert A. Haines, director of the Department of Mental Hygiene and Correction.

## THE COMMITTEEMEN of the Cub Scouts will sponsor a square dance Saturday evening in the Knights of Columbus Hall. The public is invited.

Mr. and Mrs. Waldo Hall entertained with a birthday dinner on Tuesday in honor of their son David's second birthday. Present were Mr. and Mrs. Clarence Lammoncha and Mrs. Glenn Charlton of Washingtonville.

Mrs. Oscar Calladine is visiting her daughter, Mr. and Mrs. Richard Steink, at Sidney.

Mr. and Mrs. Jack Lanpher of Sandusky, Mr. and Mrs. Clifford Carroll and Mr. and Mrs. Richard Starr of Buffalo, N.Y. spent the weekend with Mr and Mrs John Mullen.

Mr and Mrs Ray Holt of Minneapolis visited last week with his father, Eldon Holt.

Mr. and Mrs. Ralph Wylam of Youngstown were Sunday guests of Mr. and Mrs. Eldon Holt Jr.

MRS. HELEN ARCHER entered

## Inside Labor

By Victor Riesel

There is evidence in government files that the "trade association" known as the Mafia's grand council has been meeting with some regularity since as early as the days of the paddy wagon. Usually in the winter time. But only twice has the heat been on — last November during the big scramble at Apalachin, N.Y., and the only other time they were nabbed, back on Dec. 6, 1928, in a Cleveland hotel.

At that time, it can be presumed, their slogan was, "Have Guns, Will Travel." There were 23 "Jelegates" in that Cleveland suite in 1928 with 13 guns to go around. The only lethal things at the Apalachin convention were the boys' gastric ulcers.

The record shows that the senior delegate at Apalachin was a man with New York City Police Department No. 4481, Cleveland Police Department No. 32776, FBI No. 469986 and Narcotics International List 11-274. The numbered one is known as Joseph Profaci of Brooklyn. Mr. Profaci was the only delegate to span both interrupted Mafia conventions.

MR. PROFACI, professionally in the olive oil business, is therefore considered to be the repository of Mafia wisdom and contacts. But he is not the Mr. Big. There is no single Mr. Big.

The Mafia is merely one of the underworld's many "trade associations." It gathers whenever it has problems.

It is bigger now, more polished, more manicured and more inbred — and has more millionaires. But it is still a loose amalgamation of "businessmen" whose loyalty to each other is bound by their use of each other.

They call their grand council together to discuss impending prosecutions which are their only real business crises. They exchange views on how to head off such legal moves.

They debate whether to play "sleeping dog," whether to hurt or bribe someone, how and if some committee or prosecutor's office should be infiltrated — or whether someone be judged expendable and thrown to the prosecutors. They also talk about overlapping

jurisdictions — one of which, of course, is labor. Federal, state and local police authorities have now gone through the intricate records of all the 70 grand councilors — some caught and some uncaught — of the Apalachin convention. At least 11 of these men are powerful figures in the garment trucking and manufacturing fields.

TWO OF THEM, according to the grand jury probe directed by U.S. Attorney Paul Williams in New York, not only run big garment shops but also have a charter for a private union. They call it the Northeast Pennsylvania Needle Trades Union, operating out of Pittston, Pa.

The owners of these shops and this union are Russ Bufalino and Dominick Alamo. The latter was a better scammer than his colleagues.

He escaped the New York State Police dragnet and road-blocks and was never listed. However, he appeared before the special Federal Grand Jury in New York last Thursday.

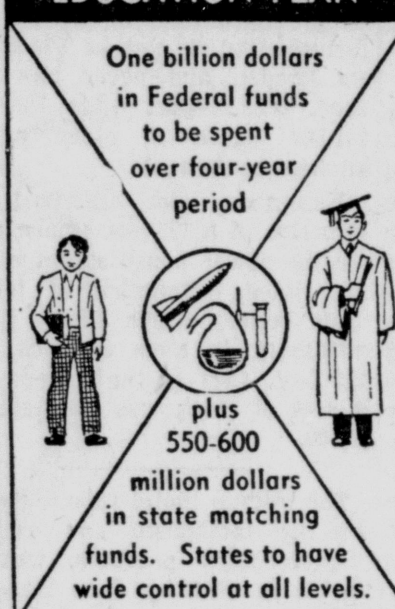

Before U.S. Attorney Williams began hauling the grand councilors in, he talked with Attorney General William Rogers in New York. The Justice Department chief approved the probe. The grand councilors are not talking, but they face the records of the Justice Department, the Alcohol Tax Bureau, the Internal Revenue Service, the Narcotics Bureau and the FBI.

In addition, the New York City Police, directed by Commissioner Stephen Kennedy, has a special Mafia — Apalachin unit. Whether these and other state authorities find the legal evidence to indict anyone, the convention delegates will have their day in the Senate hearing room before the McClellan committee.

OF COURSE, the authorities and the Senate committee's special Mafia staff are tight-lipped. But enough has seeped through to indicate that the probes of Apalachin will make one of the big stories of '58.

The word is that the trails lead to those businesses — and some of the unions in the same fields — where large amounts of cash are handled. These are hotels, restaurants, night clubs, meat and provision companies, liquor stores, beer and auto dealerships and distributorships, transportation companies, small steel com-

## THE ANSWER TO SPUTNIK?

THE ANSWER TO SPUTNIK?—President Eisenhower has called for a four-year, 1.6 billion-dollar program to spur science education for the missile and satellite age. Newschart, above, shows how the money is to be spent. Drafted by the Department of Health, Education and Welfare, the seven-point program allows wide latitude to the states in the spending of the funds. Even so, indications are that the proposal faces heavy going in Congress—from those who oppose all Federal aid to education, from those who claim the program fails to meet the nation's needs.

## County Home Expenditures

\$31,532 Above Income In '57

LISBON — Columbiana County Home expenditures in 1957 totaled \$31,906, \$31,532 more than the income of \$50,374, it was revealed today in the annual report to the county commissioners of Ray Adams, home superintendent.

Expenditures included: salaries, superintendent, \$4,050; matron, \$2,655; other employees, \$26,469; physician, \$633; groceries and provisions \$3,640.21; fuel and light, \$4,998.77.

Clothing and shoes, \$1,737.99; drugs and medicine, \$1,193.33; tobacco, \$961.58; hay, grain and feed, \$5,038.72; vehicles and tools, \$2,034.08; repairs, \$17,479.61; furniture, \$37.90; burial expenses, \$815.95; other expenses, \$4,223.51; and capitol improvements, \$757.16. The income included proceeds from sale of farm products and stock, \$2,488.27; and from resi-

\$31,532 Above Income In '57

LISBON — Columbiana County Home expenditures in 1957 totaled \$31,906, \$31,532 more than the income of \$50,374, it was revealed today in the annual report to the county commissioners of Ray Adams, home superintendent.

Expenditures included: salaries, superintendent, \$4,050; matron, \$2,655; other employees, \$26,469; physician, \$633; groceries and provisions \$3,640.21; fuel and light, \$4,998.77.

Clothing and shoes, \$1,737.99; drugs and medicine, \$1,193.33; tobacco, \$961.58; hay, grain and feed, \$5,038.72; vehicles and tools, \$2,034.08; repairs, \$17,479.61; furniture, \$37.90; burial expenses, \$815.95; other expenses, \$4,223.51; and capitol improvements, \$757.16. The income included proceeds from sale of farm products and stock, \$2,488.27; and from resi-

## 18th Century Lover

By HAL BOYLE

NEW YORK (AP)—"The 20th century woman is supposed to have everything," said author Leonard Levinson, "but in one way she has been cheated."

"The 18th century woman had something the modern woman knows about only through hearsay—and that is Casanova. If the 20th century has produced a lover to match him, he is still anonymous."

Levinson, who has just edited for Pyramid Books a one-volume condensation of Jacques Casanova's famous memoirs, is convinced that to compare any of today's international gigolos of millionaire playboys to the great Venetian boulevardier is like comparing a painted rosebud to a rainbow.

"History has been most unfair to Casanova," he said. "Many people think he was either a fictional character or an awful liar. But the more we check his story the more we find he told the truth."

Levinson, who has compiled for the first time a list of 154 romantic affairs by Casanova, thinks it is unfair to write him off as a wolf or a mere lecher who preyed on defenseless women.

Actually, there have been few men in history more the victim of women," he said stoutly.

"He was a man eternally in love, he meant it—at the time. He could look across a room at

a woman and fall instantly in love with her. He did have a low boiling point.

"He did love them and leave them, as the saying goes. But that was because he loved one thing more even than he did women—and that was his freedom."

"But he always left them happy. Casanova could always go back to the ladies he had loved in the past, even a dozen years later, and—wham!—they were in love all over again. Sometimes they would introduce him to their children who, on occasion, bore a marked resemblance to him."

Casanova was no matinee idol in looks. He was tall, dark strong, hawk-eyed, hawk-nosed. He was also more than a mere pleaser of the ladies.

"He was a man of all-around

talent, the king of opportunists," said Levinson. "He was a self-made aristocrat. During his life he was a preacher, an abbe, an actor, a poet, playwright, novelist, gambler, diplomat, jailbird, scientist, traveler, mining expert, doctor, lawyer, violinist, mathematician, mystic and espionage agent."

"To equal him today you'd have to merge the various abilities of such people as John Barrymore, Mike Todd, Nick the Greek, Frank Sinatra, Ernest Hemingway, Howard Hughes and Burton Holmes—but even then there'd be something missing."

## HANDIEST, HANDSOMEST PICKUPS THAT EVER HUSTLED A LOAD!

Here's new hustle, new muscle and new style! Chevrolet's '58 pickup fleet brings you a new high in efficiency with more powerful high-compression V8 and 6-cylinder engines!

Chevrolet's hustling 1958 pickup fleet can handle tough jobs fast and at lower-than-ever costs!

You'll find improved fuel-saving 145-h.p. Thriftmaster 6's, or new 78"-98"-in. 160-h.p. Trademaster V8's (optional at extra cost).

And built-in muscle with new extra-rigid front end sheet metal and hefty frames! New style fenders, grille and cab interiors combine good looks with can-take-it durability. Visit your Chevrolet dealer soon.

Ready to take into tough chores with all these work-whipping features!

PICKUP BOXES UP TO 9 FEET IN LENGTH Take your choice of 78", 98" or 108" pickup boxes. Each offers a full-width grain-tight tailgate, more load space (no inboard wheelhousings).

HARDWOOD FLOORS, FLUSH TYPE SKID STRIPS Sturdy pickup floors are constructed of resilient seasoned hardwood. Skid strips, recessed nearly flush, give platform longer life.

NEW HUSTLE... NEW MUSCLE... NEW STYLE

# Quakers Will Be Hosts To Two Opponents Over Weekend

## Ambridge, Pa., Invades Friday

Sebring To Engage Locals Saturday

By GORDON ARNDT

Salem basketball fans will get a chance to see their Quakers in action two nights in a row on the home floor when the locals play host to the Ambridge, Pa., Bridgers Friday evening and the Sebring Trojans Saturday night.

For the second week in a row, the Red and Black, ranked 11th in the state in this week's Associated Press poll, will engage two opponents in two nights. Last Friday and Saturday, the locals beat Warren and Ravenna, respectively.

IN AMBRIDGE, A city on the Ohio River 15 miles northwest of Pittsburgh, the Salemites will meet a quintet that competes in the regular season with such Pennsylvania powers as Sharon and Farrell.

Last Tuesday, the Bridgers extended Coach Eddie McCluskey's Farrell Steelers to the last period before losing 55-47.

The Bridgers will floor a small team compared to the tall Quakers. Ambridge, which supports a meager 3-8 slate, will start 6-1 Walt Quayle at center, 5-11 Chuck Montellano and 6-1 John Barbe at the forwards and John Osegueda and Tony Morante, a pair of 5-8 seniors, at the guards. Quayle is their leading scorer.

NICK ZERVOS is Coach Sparky Adams' sixth man. He is 5-8 also. The battle between Salem and the Garnett and Gray will be the first between the schools.

Coach John Cabas said he will start the same lineup he has been using in recent games: Lou Slaby and John Sturgeon at forwards, Bill Pauline at center, and Butch Platt and Moe Meissner at guards.

The same five men will undoubtedly start Saturday's clash against Sebring, a team with a 3-3 record.

Sebring and Salem have not played a common opponent this season although the Trojans beat Louisville Tuesday by a score of 53-50, a team that Salem played in a preview Dec. 2.

THE TROJANS and the Quakers have met 18 times since the 1934-35 season, with the locals holding a 14-4 edge.

Salem beat Sebring last year 67-57.

Coach Dave Morgan's club will provide the Quakers with more height opposition than Ambridge.

Morgan will start 6-3 George Handy at center, 6-2 Larry Birkhimer and 5-11 John Papadonise at forwards and 5-11 Ted Schwartzhoff and 5-7 Jim McDaniel at the guards.

Birkhimer is the visitor's leading scorer. He is averaging 23 points per game.

Sebring has lost to Canton Lincoln, Alliance and Poland while beating Newton Falls, Lisbon and Louisville.

Both games will be preceded by JV contests at 7:30.

## Strikes And Spares

TUESDAY Deming League

Keith MacDonald fired a 220-335; Al Hiner, 198; Carl Sommers, 190; Al Sanders, 201-511; Dan Raynair, 195; R. Coppock, 194; J. Panzotti, 199-582; George Hartman, 209-591; John Meier, 199; Lew Catlos, 194; John Di Antonio, 191; Don Smith, 191-574 and Mike DeJane, 201-536.

Service Club League

Bob Shoe had a one game high of 201; Meissner, 212-529; H. Schaefer, 203-562; Pemberton, 191; Bud Cobbs, 201-531; Buster Wukotich, 191; John Pridon, 216-214-610; Paul Miller, 191; Walt Elevich, 198; Roy Yeager, 193; Ray Thomas, 190; Dean Phillips, 191 and Bob Wilson, 194.

## Diggers, Marks, Lincoln and Sekelys Win Class B Games

The Diggers smothered Lisbon Lumber 70-54. Marks rolled over Johns Pennzoll 73-41. Lincoln Way dropped Millers Service 67-46, and Sekelys edged past Parkers 41-40 in Class B cage tilts played Wednesday night.

The Diggers had four men in the double figures in their win. Carson McNeely had 18, Dave Bennett, 16, and Myron Stallsmith, and Ken Capel, 15 each.

The losers' Howie Cope took scoring laurels with 20. Jim Anderson had 16 for the Lisbon team. The Diggers led 28-24 at the half.

A twenty-eight point effort by Phil Wenner carried Marks past

## Robertson Holds Lead In Scoring Race

NEW YORK (AP)—Oscar Robertson, the surprise of the college basketball season, and the University of Cincinnati's "bread and butter" man is the one to catch on in the individual basketball scoring race, National Collegiate Athletic Bureau statistics showed today.

Robertson, who has paced fifth ranked Cincinnati to an 11-2 mark so far, took over the lead from Kansas' Wilt Chamberlain with a 43 points per game average over the past three games. Chamberlain missed two of his team's last three games with a groin injury, returning earlier this week to score 32 points against Colorado but this was not good enough to break Robertson's surge.

Statistics show Robertson with a 32.7 points per game average against 32.2 for Chamberlain. The Cincinnati sophomore has scored 425 points in 13 games, while Wilt has notched 354 in 11 games.

Out of the West, though, Elgin Baylor is beginning to ride herd on Robertson and Chamberlain. Including Wednesday night's school record scoring 53 points against Montana State College, he has a total of 337 points for 11 games and a 30.7 average.

Leaders in other departments show Ralph Crosthwaite of Western Kentucky and Hal Greer of Marshall ahead in field goal percentage. Crosthwaite has a .624 average, Greer a .580 mark.

Gerald Myers of Texas Tech leads the free throw percentage leaders with a .879 average, while Semi Mintz of Davidson is second with a .877 percentage.

Al Innis of St. Francis of Brooklyn leads in rebounds with .273 of his team's total, while Alex Ellis of Niagara is second with a .257 mark.

## Los Angeles Dodgers Are Still Homeless

LOS ANGELES (AP)—The Los Angeles Dodgers—who couldn't have had a tougher time if they'd come west in covered wagons—were still homeless today, after another "day of decision" on which nothing was decided.

Confronted by the latest action or lack of it, Dodger President Walter O'Malley observed: "The bride is impatient."

He made this terse comment after the Memorial Coliseum Commission delayed action again Wednesday on the question of letting the Dodgers rent the 101,000-seat stadium in 1958 and 1959.

Friday is the new "day of decision." It may be just that, but the way things have been going here it may not even turn out to be Friday.

The commission will meet then, at any rate, and if they get around to voting the thing will be settled one way or the other.

Wednesday's session broke up without action after O'Malley made what he called his final offer—a flat payment of \$200,000 rental a year for two years.

Johns Pennzoll. Wenner hit for 14 field goals. Wes Schillinger had 16 for the winners.

Al Marsh was high for the losers with 12.

Marks was ahead 37-24 at the half and 55-31 after three periods.

Three men scored in the double figures as Lincoln Way clobbered Millers. Bob Adams led the way with 18 while George Ramsey had 16 and Len Batcha 14.

Dean Ray had 14 and E. Miller 13 for the losers.

Lincoln Way 33-12 at the half and 50-27 after three stanzas.

Sekelys nipped Parkers by one point in a thriller. Chuck Griener led the victors with 14 while Andy Salkow had 10.

Joe Carmelo and Larry Stoffer had 10 each for Parkers who trailed 13-12 at the half and 27-26 going into the last frame.

Hall of Famer Foxx Broke, Without Job

BOSTON (AP)—Hall of Famer Jimmy Foxx, one of baseball's all-time great sluggers, is broke and without a job, according to his former business manager.

James A. Silin, a Boston advertising man who has known Foxx for more than 20 years, disclosed the former star's financial difficulties Wednesday to Boston baseball writers.

Silin said Foxx missed out on baseball's player pension plan by one year. He also said Foxx lost large sums in various ventures, including a \$50,000 investment in a Florida golf club before World War II.

Foxx broke into the majors with the Philadelphia 'a's in 1925. Before he quit playing 20 years later, he had clouted 534 homers, second only to Babe Ruth's 714. In 1932 he hit 55 homers, two less than Ruth's record for a season.

IT'S A DEAL — Los Angeles Dodger scout Tony John shakes hands with Jimmy Harwell (right), 18-year-old pitcher, after signing the Tulane University freshman, at New Orleans, La., for a bonus estimated at \$50,000. Harwell, a righthander, switched from shortstop in 1956 and compiled a 19-1 pitching record in high school and American Legion play. The same year he was named the nation's top player in Legion baseball. He will be assigned to Spokane in the Pacific Coast League.

## Bowling Green Turns Down Toledo 67-65

By The Associated Press

Eight Ohio college basketball teams were in action in the state Wednesday but only one, Muskingum, was on foreign soil.

The Muskies were at Waynesburg, Pa., where they posted their eighth win in 10 games, an 87-54 victory.

Bowling Green and Toledo highlighted the intra-state action and that game provided plenty of thrills.

The Bee Gees moved into a second place tie in the Mid-American Conference but they had their hands full in defeating the Rockets, 67-65.

Bowling Green saw a 66-50 lead cut to 67-65 in the last five minutes of play. The game almost went into an overtime when Toledo's Ned Nikolic picked off a missed Falcon free throw, raced the length of the court but missed a jump shot just before the game ended.

The Falcons are 3-2 in the Mid-Am and 8-1 for the season. Toledo is 1-3 and 4-3.

In the Ohio Conference, Ohio Wesleyan defeated Marietta 88-57 for its third win, all of them over conference teams. The Bishops have lost four in the conference and seven over-all.

It was the second Ohio Conference defeat in as many nights for the Pioneers. They are 1-2 in the conference and 4-6 for the season.

At Ada, Bluffton broke up a set-back battle in the last 10 minutes to down Ohio Northern 79-73 in a Mid-Ohio League tilt.

Kent State brought its record up to the .500 (5-5) mark when the Flashes defeated Akron 62-55 in a non-conference game at Kent. Akron is now 8-4.

The scoring honors for the night went to Toledo's Joe Keifer, who poured in 27 points for the Rockets against Bowling Green.

SID ABEL, a Detroit Red Wings player from 1938 to 1952, inspects the ice at Olympia Stadium after he succeeded Jimmy Skinner as coach of the hockey team. Abel has been a manufacturer's agent and radio and TV commentator on hockey for three years.

## Reds to Get Additional Parking Facilities

CINCINNATI (AP)—Cincinnati's baseball fans breathed a bit easier today—it looked like a cinch their Redlegs would remain here for at least five years.

City Council voted 7-2 to approve the intent of city manager C. A. Harrell's recommendation for adoption of a citizen's committee plan to provide additional parking space at Crosley Field at a cost of two million dollars.

Powel Crosley Jr., president of the Redlegs, said in New York Tuesday night he would agree to keep the National League team here for five years if the city would provide the 2,600 additional parking spaces.

A formal vote on a plan to issue two million dollars worth of bonds to acquire the necessary property for the parking space may come at next week's council meeting.

The two councilmen who opposed Wednesday's action said they thought the matter should be referred to a committee for a more thorough study.

## Hennessey Tops in Qualifying Rounds of Bowling Tourney

MINNEAPOLIS (AP)—The gigantic 17th annual All-Star bowling tournament field of 288 had been pared down to 32 when the qualifying rounds were concluded Wednesday night.

Those who survived the five day preliminaries began today the gruelling round robin series of matches which will end with a nationally televised action of the position round Sunday night.

Hennessey and the next highest 13 scorers from the men's semifinals will merge with seeded stars Don Carter of St. Louis and Bill Lillard of Chicago for the finals. Defending champion Carter whipped immediate past champion Lillard in a series of exhibition matches during the preliminaries, outpunching his man 7275 to 7089.

Carter and Hennessey, who are teammates, finished 1-2 in the month.

Sylvia Wene, the tiny brunette from Philadelphia who won this event three years ago, earned the women's qualifying trophy by knocking down 4588 pins in 24 games.

She too will be accompanied by the next 13 high scorers in her division. The seeded stars in the district section are defending champion Marion Ladewig of Grand Rapids, Mich., and Anita Cantalino of Detroit. Mr. Ladewig, the victor six times in the All-Star Las Vegas division, was outpunched 3833-3794 by Miss Cantalino in their exhibition series.

Mrs. Ladewig won the women's crown in the World's Invitational meet.

Michigan has taken 209 rebounds with Indiana next at 191. Based on average, the leading individual scorer is Minnesota's George Kline with a 25.5 point mean in two games. The Hoosiers' Archie Dees, defending champion, has averaged 25 in four games and Illinois' Don Ohl has 25.3 in four.

Dees is tops in field goal shooting with .597 of his shots good. John Green of Michigan State is next with .550, but is far off the leading scoring pace with a 13 average. Green, however, has averaged 17 rebounds in two games, best average of them all.

In free throw shooting, Wisconsin's Sam Barnard has hit 8 for 8. Indiana's Sam Gee has made 14 out of 15 and Minnesota's Roger Johnson has dropped in 12 out of 13.

Total rebound honors go to M. C. Burton of Michigan with 58 in four games. His teammate, Pete Tillotson, is next with 53 and Dees is third with 52.

John (Sparky) Adams, 37, submitted his resignation in a letter to president Alfred Bonds Jr. Wednesday but said that he would remain as assistant basketball coach. He said he wanted to continue his graduate study.

Adams, a graduate of B-W in 1943, joined the coaching staff in 1951 and became head football coach when Lou Juillerat resigned in 1954 to become athletic director and football coach at Troy (Ohio) High School. He coached at Muskogee College from 1949 to 1951.

Corn, the most important food plant in the United States, is grown in all 48 states.

## Blackbourn Seeking Post at Philadelphia

PHILADELPHIA (AP)—Lisle Blackbourn, who was fired a week ago as coach of the Green Bay Packers, has tossed his hat into the ring for the vacant head coach job of the Philadelphia Eagles.

General Manager Vince McNally said Wednesday that Blackbourn phoned the Eagles and asked to be considered when the Eagles here select a successor to Hugh Devore, who was recently dismissed by the Eagles.

Other than to say that Blackbourn would be given every consideration, McNally would make no further comment on the National Football League club's search for a head coach.

At Green Bay, Wis., the former Green Bay coach commented to newsmen "Why shouldn't I be interested? I'm looking for a job."

Blackbourn, 37, was fired after a 1-11 record in his first season as head coach of the Packers.

# Martinez Outpoints Turner

To Fight Isaac Logart  
For Welterweight  
Title

PHILADELPHIA (AP)—It will be Vince Martinez against Isaac Logart for the vacated welterweight championship — National Boxing Assn. versions.

Martinez won the right Wednesday night for the fight to determine a successor to Carmin Basilio as welterweight king by outpointing Philadelphia's Gil Turner in a 12-round bout. Basilio gave up the title after winning the midweight crown from Ray Robinson.

Martinez, of Patterson, N.J., received only a split decision but established a clear superiority over Turner with sharp punching, especially in the final three rounds.

Referee Pete Pantaleo scored Martinez the winner by a single point under the Pennsylvania five-point maximum system, 54-53. Judge Jimmy Mina voted for Martinez 56-54. Judge Nate Lopinson surprised the crowd of 7,120—it paid \$37,959 — by calling a 55-55 draw. The Associated Press scored Martinez a handy winner, 54-43.

The NBA said last week the winner of the Martinez-Turner bout should meet Logart, who earned a final berth in the welterweight elimination tournament by defeating Gaspar Ortega last month.

If and when Martinez and Logart meet, they still face the problem of nonrecognition in some areas. The World Boxing Championship Committee, headed by Julius Helfand of the New York State Athletic Commission, has declared it will not recognize a 47-pound champion until Virgil Akins of St. Louis and George Barnes of Australia are eliminated in the ring. Massachusetts, which recently seceded from the NBA, has declared Akins the champion.

Turner weighed 145½, Martinez 147.

## Archers Set Date For Annual Shoot

LISBON—The Columbiana County Archery Club has selected Sunday, May 18, as the date of its third annual "early bird field shoot."

The number of registered shooters last year was 225, or 150 more than the number participating in the first "early bird shoot" in 1956.

To take care of another increase in archers expected this year, the county club plans to double the size of its 28-target course at Willow Grove Park near Lisbon.

Club members practice during the winter on the indoor range in the basement of Hillier's IGA Foodliner here. The club offers free instructions to anyone in the area. Persons interested may contact Louis Emelo of Salem (ED 7-3521), or Robert Talbot of East Liverpool (FU 6-5980).

Team shoots will be held each Wednesday evening at the indoor range. The club has been divided into four six-man teams, matched according to handicaps. The shoots will be held for nine weeks and awards will be presented at a banquet following the tournament.

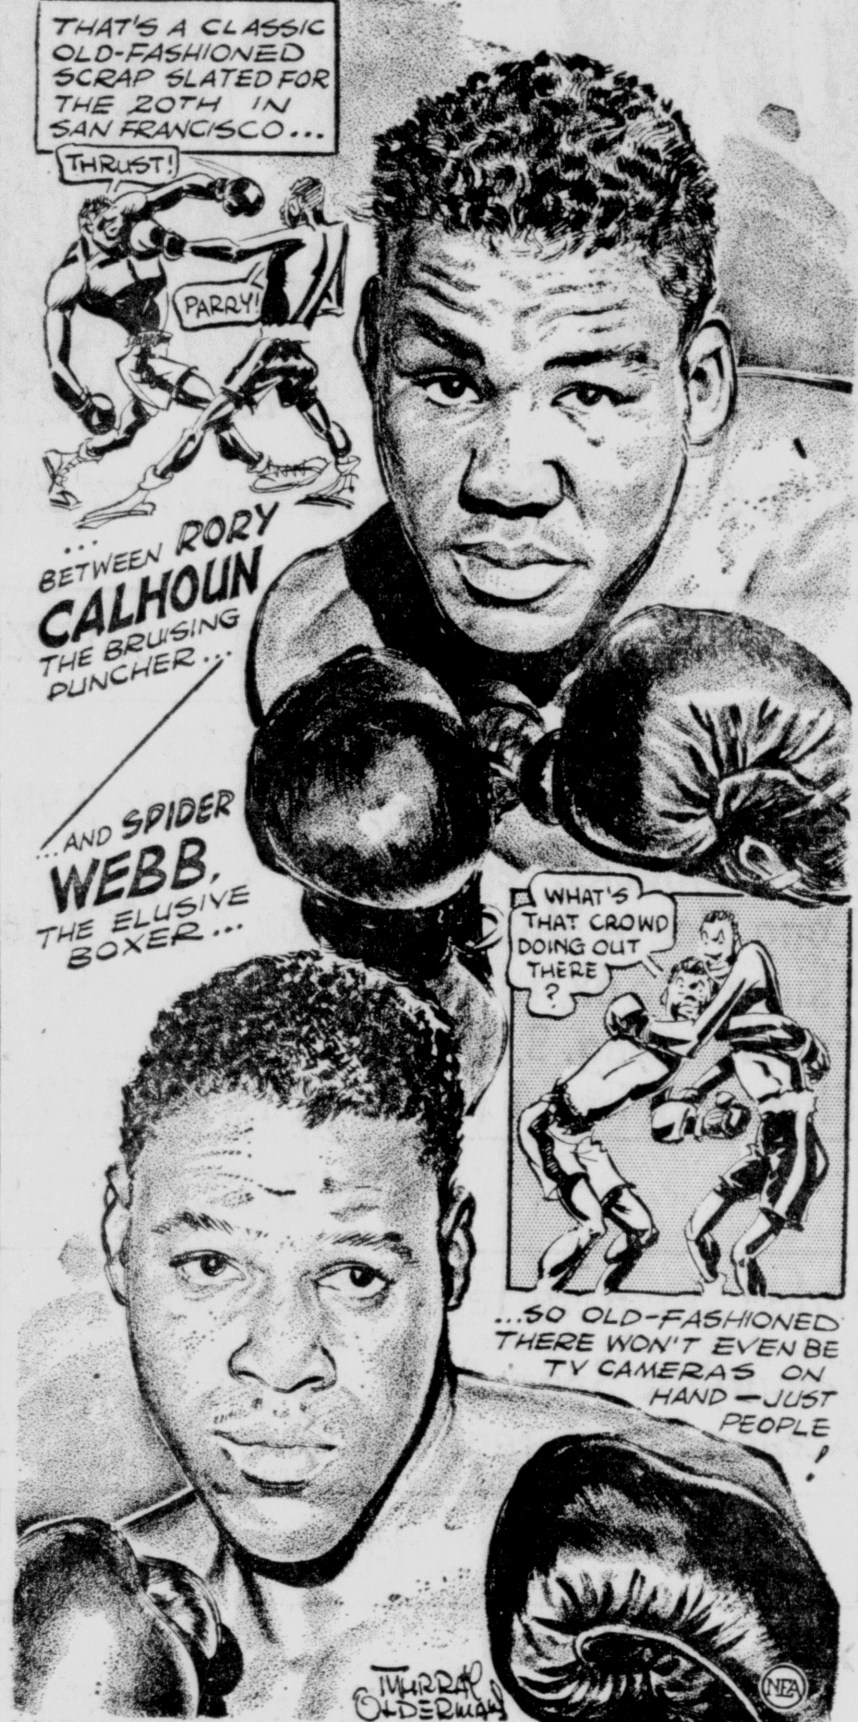

## Baylor University Hires Charles Purvis

WACO, Tex. (AP)—Charles Purvis, assistant backfield coach of the University of Illinois, has been hired as offensive backfield coach at Baylor University, athletic director George Sauer said Wednesday night.

Purvis was a backfield coach at Illinois for 9 years. Previously he was an assistant at Navy and Auburn. Purvis played halfback for Illinois in the late 1930's.

He succeeds R. E. Barfield, who resigned last month.

# Yardley Tallies 51 Markers Against Celts

By The Associated Press  
George Yardley, veteran of five years in the National Basketball Assn., finally has pulled out of his shooting slump and is rapidly pulling away in his bid for individual scoring honors.

After scoring only 108 points in five previous games, the former Stanford star tallied 51 points Wednesday night while his Detroit Pistons were dropping a 131-113 decision to the Boston Celtics.

Dolph Schayes of Syracuse, holder of the career record in professional basketball, is second with 986.

In tying Pettit's season's high Wednesday night, Yardley dropped in 17 field goals and converted 17 of 19 attempts from the foul line. But despite his tremendous effort, the Pistons were no match for the Eastern Division leaders.

The Celtics, winning their 12th straight home game to open up a five-game lead over Syracuse, got 26 points each from Tom Heinsohn and Bill Sharman and 23 from Frank Ramsey. Three others were in double figures.

## 'Slip Down' Leads To Burglar Downfall

LOUISVILLE, Ky. (AP)—It wasn't a slipup which led to Francis S. Beck's downfall — it was a slip down.

Police arrived at a store to investigate a break-in.

Beck, 35, clung out of sight under a car for several minutes. But his hands finally slipped on greasy parts. Officers heard him fall and nabbed him.

He was charged with storehouse breaking.

## Four More Players Signed by Cleveland

CLEVELAND (AP)—The Cleveland Indians announced today that four more players had signed their contracts, bringing to 11 the number now in the fold for the 1958 season.

The latest signers are outfielders Roger Maris and Dave Mann, pitcher Stan Pitula and catcher Allen Jones.

# Mountaineers Score 71-64 Triumph Over Pitt Quintet

By The Associated Press  
What a difference a year makes North Carolina, the NCAA title holder, has hit the skids while West Virginia's Mountaineers have gained a poised, champion ship look.

The Mountaineers, top-ranked in this week's Associated Press poll, played it cool again Wednesday night, calmly coming from behind for a 71-64 decision over Pitt and a 13-0 record.

But sixth-ranked North Carolina, losing two in a row for the first time since the end of the 1955 season, was knocked off 58-57 in overtime by North Carolina State for the Tar Heels' third defeat in 14 starts.

Just 12 months ago, North Carolina was in the midst of its unbeaten run on the national title while West Virginia was recovering from a three-game slump.

Bradley followed North Carolina onto the upset heap, losing 71-70 to St. Louis on a free throw by Bob Ferry after the final gun. It was the second loss in 11 games for the 10th-ranked Braves.

Elgin Baylor scored 33 points—a school record and enough to make him a solid third in national major college scoring — as Seattle whipped Montana State College 108-83.

Temple (No. 12) gained an 11-2 record with a comeback, 72-61 victory over Penn. and Dartmouth (No. 15) escaped upset and retained the Ivy League lead with a 67-64 decision over Harvard.

The Mountaineers bagged theirs in the last 3 minutes as Lloyd Sharrar, the 6-10 guy who scored

the clincher in last week's squeaker past Villanova, converted a rebound for a five-point spread.

North Carolina, which had won 24 in a row at home, blew 17 of 42 foul shots while dropping out of a first place tie with Maryland for the Atlantic Coast Conference lead. Maryland defeated North Carolina Saturday. Tar Heel Tommy Kearns was high scorer with 17 points last night.

Tom Hawkins scored 28 for Notre Dame as the Irish, behind at the half for the first time this season, broke loose with 33 points in the last 13 minutes for a 69-61 decision over DePaul.

George Washington's zone defense defeated William & Mary 91-80 as Bowling Green defeated Toledo 67-65 in the Mid-American Holy Cross defeated Syracuse 80-71.

**FIGHT RESULTS**  
By The Associated Press  
Philadelphia — Vince Martinez, 17, Paterson, N.J., outpointed Gil Turner, 15½, Philadelphia, 12.

## Government Notables' Wives Offer Favorite Recipes

Wives of some of the government's most famous officials recently contributed their favorite recipes to a charity bazaar attended by Mrs. Eisenhower and other notables.

Here are some of the most interesting offerings:

**Mrs. Richard Nixon's Chocolate Butter Cookies**  
Cream together 1 lb. butter or margarine and 1 cup sugar with 2 squares melted chocolate.

Add 2 well beaten eggs, 1 teaspoon vanilla and 4 cups flour. Mix well, then chill, roll thin and cut.

Bake in 400-degree oven for 10 or 15 minutes. Makes about 8 dozen cookies.

**Mrs. Randolph Pate (Wife of Marine Corps commandant)— Spoon Bread**

Scald 1/2 cup corn meal in 1 pint scalded milk in top of double boiler. Add 1/2 teaspoon baking powder, 1 teaspoon salt, 3 well beaten egg yolks.

Fold in 3 stiffly beaten egg whites. Pour in well-greased baking dish and cook in 375-degree oven for 30 minutes. Serve at once.

**Mrs. Howard Snyder (Wife of the President's physician) — Tomato Nut and Cherry Salad**

Cook together until tender the following: 1 can tomatoes, 4 chopped onions, 1/2 cup chopped sour pickles, 1 cup vinegar, 1 teaspoon black pepper, 1 teaspoon cloves, 1 teaspoon cinnamon, 1 teaspoon allspice, 1/4 teaspoon paprika, 1/4 teaspoon dry mustard, 1/4 teaspoon salt, 1 cup sugar. Add 1 teaspoon Worcestershire sauce.

**Mrs. Harold E. Stassen's Olive, Nut and Cherry Sala d**

Dissolve 1 package lemon gelatin in juice from a can of pitted Bing cherries, juice of 1 lemon and enough water to make two cups.

When mixture begins to congeal, add cherries, 1 bottle stuffed olives and 1/2 cup blanched and shredded almonds.

Pour into oiled ring mold. Chill until firm. Invert on platter of shredded lettuce. Surround with berries and serve with fruit mayonnaise.

**Mrs. Sherman Adams' Mushroom Spaghetti Sauce**

Melt about 1/2 lb. butter in chafing dish. Add about 2 teaspoons minced onion and 2 teaspoons minced chives. Simmer. Then add 1-3 cup cream. Mix and add 1 1/2 cups sliced canned or fresh mushrooms, 2 cups tomato sauce and dash of pepper.

Let simmer for a few minutes. Sprinkle grated Parmesan cheese on spaghetti, then add sauce.

**Burmese Embassy — Beef Curry**  
Cut 1 lb. round steak or other lean beef into thin 2-inch strips.

Put 2 oz. cooking oil in saucepan and when hot add 2 minced medium-size onions, 2 small pods crushed garlic, 1/2 teaspoon salt, 1/4 teaspoon turmeric, 1/4 teaspoon paprika, 1/4 teaspoon powdered ginger, 1 teaspoon soy sauce.

Add meat and cook until brown. Add water to cover and simmer about 30 minutes, or until tender.

Serve with rice, with side dishes of chutney, chopped egg, chopped nuts or other relishes as desired.

**South African Embassy—Sossaties**  
Cut 3 lb. lamb into small cubes and thread on skewers, with small piece of fat between each.

Place in layers in large dish

and soak overnight in the following sauce: Mince 5 large onions and crush 1 clove garlic.

Fry until clear in 2 tablespoons cooking fat. Then add 1/2 cup cooked dried apricots mashed to a pulp, a pinch of chili powder, 1/2 cup rind of one orange, 1 1/2 tablespoons curry powder, 1 tablespoon sugar, 1 teaspoon salt, 3 tablespoons vinegar. Bring to a boil and cook one minute, then cool.

After skewered meat has stood in sauce overnight, broil over charcoal. Serve with the sauce, which has been reheated.

## Cuban Rebel Forces Withdraw After Raid

HAVANA, Cuba (AP)—Rebel forces of Fidel Castro withdrew safely to their mountain hideouts late Tuesday after a bold daylight raid on the sugar port of Manzanillo. The Cuban army made no comment on the attack. President Fulgencio Batista's forces say they want to meet Castro's guerrillas in an open fight, but they reported no action to counter the young revolutionist's foray.

For most of the day rebel bands

blockaded all roads and railroads into the city 100,000 while they searched for politicians and army officers marked by Castro as "enemies of the people."

A housewife can have a spotless home without working like a trooper. Cleaning items as she works rather than leaving them for a full-day's job is one way. For example, as part of the dishwashing routine, sponge off the refrigerator. This removes fingermarks and food splashes.

## Household Hints

Rinsing clothes in cold water after washing them in warm or hot suds means more work for the ironer. This rapid change in temperature sets wrinkles and creases in fabrics.

Food particles wedged in openings and blades of a food chopper can be brushed away. Brush with a well lathered percolator brush. Suds, rinse and dry parts thoroughly before putting chopper back together.

Always check the washer to see if it is empty before putting soil-

ed laundry inside. This is important when you have been laundering colored items that might fade on the next batch.

Protecting children is an endless job because of their inquisitive natures. Many are accidentally poisoned each year with aspirin and kerosene, according to the National Safety Council. Such things, along with other poisonous household cleaning aids and medicines, should be locked out of the children's reach.

Thaw a frozen turkey in its original wrapper to retain moisture. It is best to thaw it in the refrig-

erator, allowing one to two days, depending on the size of the bird. Handy with a decorating tube? You can use it for force hot mashed sweet potatoes over the top of creamed chicken and have a pie! Bake in a hot oven.

## PLEDGED AT HIRAM

Miss Shirley Mae Morlan, daughter of Mr. and Mrs. Wilson Morlan of Damascus, has been pledged to Sigil of Phi Sigma social club. Miss Morlan, a freshman at Hiram, is majoring in home economics. She is a 1957 graduate of Olney Friends School.

## Baked Ham Roll Has Honey-Orange Glaze

Honey, flavored with orange juice and flecked with some of the fruit rind, makes a sparkling glaze for a boned and roll-shaped ham. Let the shiny entree be the highlight of one of your holiday meals which also includes buttered whole sweet potatoes, broccoli, molded vegetable salad, and hot cloverleaf rolls.

The dessert might be a cranberry chiffon pie with a flaky berry-glazed ham. 1 boned and roll-shaped ham, cloves, 1 cup strained honey, 3 tablespoons orange juice, 1 tablespoon grated orange rind, orange slices. Remove wrap from boned and roll-shaped ham. Insert a meat thermometer so the bulb rests in center of meat. Place ham, fat side up, on a rack in a shallow roasting pan.

Bake at 325 degrees F. until the thermometer registers an internal temperature of 160 degrees F. for a cook-before-eating ham, allowing 20 to 30 minutes per pound depending upon size of ham. Half an hour before end of cooking time, remove ham from oven, score, and stud with cloves. Pour over the meat the glaze made by combining honey, orange juice and rind. Return to oven to finish cooking, basting at 10 minute intervals. Allow ham to stand 15 minutes before serving, then arrange on heated platter and garnish with orange slices.

### Date Coconut Bars

Ingredients: 1 1/2 cups sifted cake flour, 1/2 teaspoon double acting baking powder, 1/2 teaspoon salt, 2 eggs, 1 cup light brown sugar (firmly packed), 1 tablespoon butter or margarine (melted), 1/2 cup finely sliced dates, 1 teaspoon grated lemon rind, 1 cup shredded coconut (cut in short lengths), 1 tablespoon hot water. Method: Sift together the cake flour, baking powder and salt. Beat eggs until they begin to get thick; gradually beat in brown sugar. Mix in melted butter, dates, lemon rind and coconut. Add flour and water; mix thoroughly. Turn into buttered 9 by 9 by 2 inch pan; bake in slow (325 degrees) oven about 35 minutes. Cool in pan and cut into bars. Store in tightly covered container.

## Solit Pea Soup

Ingredients: 1 1/2 cups yellow split peas, water, 1 medium-sized onion (cut in thin strips), 1 carrot (sliced), leafy tops of celery ribs (chopped), 1 1/2 teaspoons salt, 1/4 teaspoon peppercorns, 2 whole cloves, 2 whole allspice, 1 bay leaf, 1/2 pound frankfurters. Method: Wash split peas in cold water and drain; cover with 1 qt. cold water and soak overnight. Next day drain and add enough water to soaking liquid to make 1 1/2 quarts (6 cups). Put water, split peas, onion, carrot, celery, salt, peppercorns, cloves, allspice and bay leaf in a kettle. Bring to a boil; simmer 1 1/2 hours. Put through a food mill or press through strainer. Slice frankfurters into rounds; add to soup. Simmer about 10 minutes to blend flavors and heat franks. Soup will

be thin. If thicker soup is liked, refrigerate overnight and reheat next day. Makes 6 generous servings. More salt may be needed but do not add until franks have been simmered in soup because they add seasoning.

## Stuffed Eggs

Ingredients: 6 hard-cooked eggs, 2 tablespoons mayonnaise, 1 1/2 teaspoons cider vinegar, 1/4 teaspoon salt, 1 teaspoon prepared mustard, 3/4 teaspoon Worcestershire

sauce, paprika, lettuce. Method: Shell eggs and cut in to halves lengthwise. Remove yolks and mash with mayonnaise, vinegar, salt, mustard and Worcestershire sauce. Spoon back into cavities of whites; ruffle with fork tines; sprinkle with paprika. Serve on lettuce with Italian salami (thinly sliced), olives and celery. Makes 4 to 6 servings.

The Republic of Panama has a population of 650,000.

oCr. State and Ellsworth

Damascus

Mr. and Mrs. S. L. Huffman of Canton called Saturday at the Mrs. Charles Winn home.

Mr. and Mrs. Galen Berger of Salem were dinner guests Sunday of her parents, Mr. and Mrs. Bren Griffith.

A birthday party for Russell Oesch was held Sunday.

Callers including Mrs. H. E. Oesch of Damascus, Dr. and Mrs. Floyd Stanley of Salem, Mr. and Mrs. Wendell Stanley of Alliance and Mr. and Mrs. Merlin Stanley of Beloit. Lunch was served.

REV. EDWARD ESCOLME began a week long series of Evangelistic services in the West Park Friends Church in Cleveland Sunday.

Rev. and Mrs. John Brantingham of Milan are guests of her parents, Dr. and Mrs. Everett Catelli.

Mr. and Mrs. W. A. Talbott called on Mr. and Mrs. Regis May of Sebring and Mr. and Mrs. Ross Eshler of Berlin Center, Sunday. Mr. and Mrs. Adelbert Greenamy observed their 40th wedding anniversary Sunday by entertaining at a family dinner.

Those present were Mr. and Mrs. and Mr. and Mrs. Ray Greenamy of RD 1, Salem. The couple were married in Cleveland Jan. 12, 1918.

Mr. and Mrs. Harold Grove of Salem and Mr. and Mrs. Ray Bar do were dinner guests Sunday of Mr. and Mrs. Frank Denny.

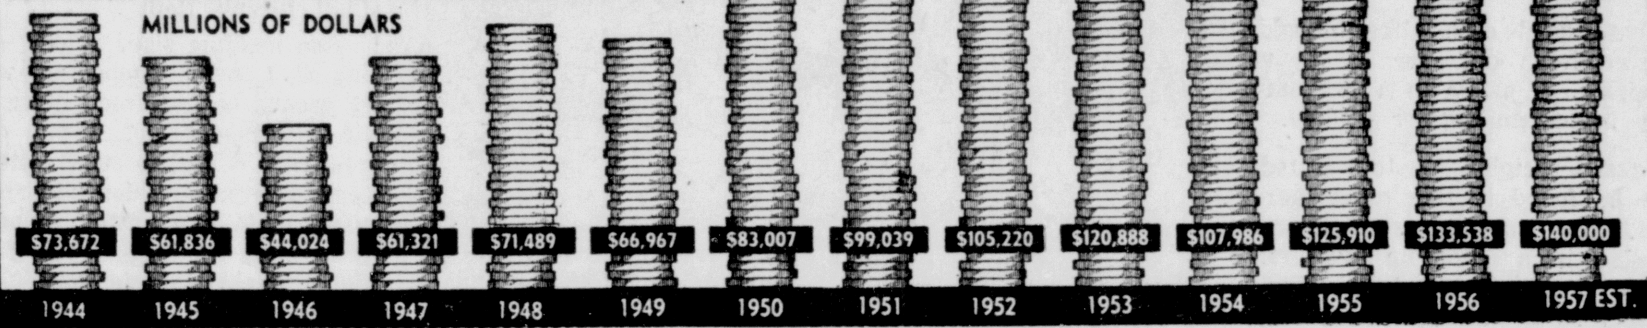

Mr. and Mrs. Edward Hall called on Mr. and Mrs. William Shel don of North Lima Saturday.

CHARLES HOFFMAN is visit

METALWORKING: America's Greatest Industry

Manufacturers' sales in the metal-working industry again set a record — 140 billion dollars in 1957. That was 4.8 per cent above the previous record — 1956's \$133,538,000,000. Ordinance is not included because the government does not reveal figures on it. But the classification accounts for only a small part of

production for defense. Many defense items fall under other classifications, such as transportation equipment or instruments. Data are from the Office of Business Economics, U. S. Department of Commerce, with 1957 estimated by Steel Magazine.

ing Mr. and Mrs. Francis Anderson of Land-O-Lakes, Fla. He accompanied Robert Snyder of Hanover and Harry Reed of Dennison. He will also visit his sister, Mrs. Ruth Kohler of Akron in St. Petersburg, Fla.

Mr. and Mrs. Bert Phillips entertained Mr. and Mrs. Ralph Huston of Salem, Mrs. Edith Bauman, Eldis Ball of Canton, and Mr. and Mrs. Earl Shevel of Cortland Sunday. The event was an observance of her birthday.

Mr. and Mrs. Floyd Spackman of Sebring called on Mr. and Mrs. Thomas Powell and Mr. and Mrs. Bert Phillips Sunday.

Charles Hoffman was recently honored at a family gathering in observance of his birthday. Those present were Mrs. Robert

During 1957, manufacturers' sales in the metal-working industry set a new record — 140 billion dollars. This is nearly six and a half billion dollars more than in 1956. Manufacturing into various products added \$52,765,849 to the value of the metal. How metal-working towers over all other manufacturing industries is shown by the fact that the value added by manufacturing in the six next largest industries totaled only \$40,479,159. Data from Steel Magazine.

Snyder and Robert Hoffman of Hanover, Mr. and Mrs. Melvin Hoffman of Salem and Mr. and Mrs. Lester Stewart.

Mr. and Mrs. Vernon Voelzke of Dallas, S.D. were recent guests of Mr. and Mrs. Mahlon Griffith Jr. Voelzke and Griffith were friends in Greenland.

Mr. and Mrs. A. L. Pemberton, Mr. and Mrs. Edgar McGrew, Mrs. Josephine Warrington, Mrs. Wilson Morlan and Mrs. T. C. Warrington attended the funeral of Mrs. Mary Steer at the Winona Friends Meeting House Saturday.

The Booster Club of Goshen Union High School met Monday when Mr. and Mrs. Charles Roberts were appointed to represent the club at a meeting Jan. 22 to discuss plans for the celebration of the Damascus Sesquicentennial this year.

A dance to be sponsored by the club in the near future was discussed.

Lunch was served by Mr. and Mrs. J. W. Ramsey.

The next meeting will be held Feb. 10 at 8 p.m.

Elkton

A donkey basketball game will be held at the Beaver Local High School Jan. 25, sponsored by the F.F.A. of the school.

The "Young Grangers" of the Elkton Grange held their monthly get together at the home of Mr. and Mrs. Glenn Ward of New Waterford. "500" was played.

Clyde Barnes has returned from a visit with his son-in-law and daughter, Mr. and Mrs. Robert Baker of San Diego, Cal.

Mr. and Mrs. Ronald Gerlach of East Palestine were Sunday

Sunday night in honor of their daughter, Mrs. Leland Baker's birthday.

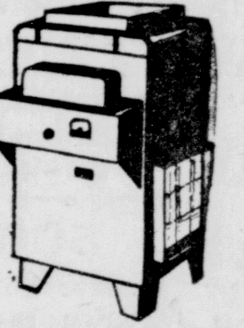

Sunday guests of Mr. and Mrs. Ray Moore were Mr. and Mrs. Laurence Moore of Gibsonia, Pa. and Mrs. Laurence Stokes of Leetonia.

Mr. and Mrs. Jack Dougherty of Salem were Sunday callers at the Delmar Harrold home.

Ferdinand de Lesseps, who built the Suez Canal, had no engineering experience.

Frequent wiping of dust from your furniture and ornaments is not necessary. Install an ELECTRO-AIR electronic air cleaner beside the furnace and let modern magic prevent dust from reaching any room in your house. An ELECTRO-AIR is worth its weight in gold, but fortunately is not expensive. FREE HOME DEMONSTRATION

Sunday Dinner

Delicious prelude to a meal. Shrimp paste on brown bread, broiled steak, potato sticks, water cress and radishes, frosted cake, beverage.

Shrimp Paste 00

Ingredients: 1/4 pound cheddar cheese, 1/4 cup butter, 1 can (4 1/2 ounces) small wet-pack shrimp, 1 tablespoon finely grated onion (pulp and juice), 1/4 teaspoon paprika, 1/4 teaspoon curry powder, 1/4 teaspoon Worcestershire sauce, 2 tablespoons lemon juice, 2 tablespoons chili sauce.

Method: If chest is not soft enough to cream with butter, put it through a food chopper or grate it fine. Drain shrimp and rinse with cold water; drain again well;

Household Hints

Some good cooks like to add minced fresh dill (or a finely chopped dill pickle to a dry buttermilk bread stuffing for poultry.

Squabs, weighing 3/4 to 1 pound can be found in fine meat markets. They may be stuffed and roasted in a moderate oven for about an hour. Baste the birds with melted butter during the cooking period.

For a bang-up, surefire meatless meal, try this combination of spaghetti with a clam tomato sauce and a tossed dill salad. The result: everybody happy! Spaghetti with Clam Tomato Sauce (Serves 6-8) Two medium onions, chopped, 1 clove garlic, 1/2 cup corn oil, 2 1/2 cups (No. 2 can) tomatoes, 3/4 cup (6-ounce can) tomato paste, 1 cup water, 1 tablespoon salt, 1/2 teaspoon pepper, 1 tablespoon sugar, 1/4 teaspoon mace, few grains cayenne pepper, 6 whole cloves, 1 bay leaf, 6 peppercorns, 6 large clams, finely chopped, or 1 (7-ounce) can, 1 1/2 to 2 pounds spaghetti or macaroni, 1 cup grated Parmesan cheese. Cook onions and garlic in corn oil, in uncovered heavy kettle over moderate heat 15 minutes. Add remaining ingredients. If desired, cloves, bay leaf and peppercorns may be tie in a small piece of cheesecloth. Cook over low heat 1/2 hour, stirring occasionally. Remove garlic, cloves, bay leaf and peppercorns. Add clams and liquid drained from clams and cook 5 minutes longer. Cook spaghetti or macaroni according to package directions. Serve on huge platters well sauced with the clam tomato sauce and topped with grated cheese. Tossed Dill Salad (6-8 dinner-sized salads) About 1 quart greens, tomatoes, radishes, 2 hard-cooked eggs, 1 1/2 tablespoons dill vinegar, 1/4 teaspoon salt, few grains pepper, 1/4 teaspoon Worcestershire sauce, 3 tablespoons corn oil. Prepare greens by tearing washed, drained and crisped greens into large bite-size pieces. Cut tomatoes into wedges, slice radishes in a peel hard cooked eggs, reserving yolk of one egg for the dressing. To make the dressing: measure the salt, pepper and Worcestershire sauce into the salad bowl. Add the egg yolk and mash with the seasonings. Stir in dill-flavored vinegar; add corn oil an stir until well blended. Put greens into bowl. Toss with salad spoon and fork until all greens glisten and are evenly coated with the dressing. Garnish with sliced egg, radishes and tomatoes. A custard sauce is delicious over fresh berries or sliced fresh fruit.

Chili Biscuit Rolls

Good Surprise Dish

Beef-stuffed rolls of biscuit dough with onions, garlic, ripe olives and cheese are a treat to surprise your guests with. Not difficult to make, either.

Chili Biscuit Rolls

Two medium sized onions, cooking oil, 1 pound chopped or coarsely ground beef, 1 small clove garlic, 1 teaspoon salt, 1 cup chopped ripe olives, 2 cups water, 2 teaspoons chili powder, 2 teaspoons paprika, 3/4 cup grated American cheese, biscuit dough (basis 2 cups flour), melted shortening.

Slice onions into small amount hot oil in skillet; fry 2 or 3 minutes. Add beef, minced garlic and salt and continue frying about 5 minutes, stirring continuously. Add olives, 1 cup water, chili powder and paprika. Simmer slowly about 15 minutes. Stir in cheese. Roll biscuit dough into rectangle about 9 x 16 inches. Spread half of ripe olive-meat mixture into dough. Roll aofsr jelly roll, pinching edges together. Cut into 12 slices. Place in well-greased baking pan, cut side down (do not let edges touch). Brush tops with melted shortening. Bake in hot oven (400 degrees F.) about 20 minutes. Add remaining 1 cup water to remaining meat mixture, heat and pour over biscuits. Serve at once.

Here's another pleasant dish that's easy to make.

Barbecued Beef

One pound ground chuck 1 cup finely crushed cornflakes, 3/4 cup (1 envelope) instant nonfat dry milk powder, 1/4 cup molasses, 3 tablespoons cider vinegar, 2 tablespoons Worcestershire sauce, 1 teaspoon dry mustard, 1 teaspoon paprika, 1/4 teaspoon chili powder, 1/2 teaspoon pepper, 1/2 cup catsup, 3/4 cup water.

Combine beef, cornflakes and instant nonfat dry milk powder in large skillet; blend until powder is no longer visible. Brown over medium heat, stirring occasionally with a fork. Add remaining ingredients; mix well. Simmer over low heat, stirring occasionally, about 20 minutes. Serve on toast or toasted rolls.

Tomorrow's Dinner: Barbecued beef on toast, whipped potatoes, carrots sprinkled with chopped fresh parsley, hot biscuits, butter or margarine, fruit cup, spice cup cakes, coffee, tea, milk.

If you want to cook leafy spinach in the water that clings to the leaves, you'll have to cover the saucepan. But lift the cover a few times during the cooking to help keep the vegetable a bright green.

Only time — three full weeks over apple and hickory wood smoke, brings out that distinctive smoke-house flavor found in Liber's Prize Brand Bacon. And because Prize Brand Bacon is slowly cured in the old fashioned way there is less moisture — less shrinkage. When you buy a pound you get a pound.

Buy John Liber's Prize Brand Bacon in thin strips for quick crisping — in slabs for economy and even baked strips — and for cubes to sprinkle thru mild foods for flavor accent. For convenience — look for the Prize Brand label on the one pound cellophane wrapped package of sliced bacon.

HOME DRESSED MEATS ALWAYS

## Morning Cookies Are Good with Tea

By CECILY BROWNSTONE  
Associated Press Food Editor

Have you ever wanted to bake a cookie with a cracker-like quality, bland and not really sweet? Something to nibble with that late-morning cup of tea or coffee, something for youngsters whose taste is still fresh enough to appreciate a simple flavor.

Then this cookie recipe is one you will want to try. The dough is made a special way and has an interesting texture; you'll find it's easy and fun to knead it a few times as called for in these directions.

### Morning Cookies

Ingredients: 3/4 cups sifted flour, 1/2 teaspoons double-acting baking powder, 1/4 teaspoon salt, 2 eggs (separated), 2/3 cup sugar, 1/2 cup corn oil, 2 tablespoons orange juice, 1 teaspoon vanilla, 1/4 cup milk, 1 egg, 2 tablespoons water, 1/4 cup sesame seeds.

Method: Sift together the flour, baking powder and salt. Beat 2 egg yolks with rotary beater (hand or electric) until thick and lemon colored. Gradually beat in sugar; mixture should be ivory colored.

Add corn oil alternately with orange juice, beating constantly, then vanilla. Stir 1 1/2 cups of the sifted dry ingredients alternately with the milk into the first mixture. With clean roary beater, beat 2 egg whites until stiff but not dry. Fold into flour egg mixture. Fold in remaining dry ingredients.

Turn dough out on a prepared pastry cloth or floured board;

knead lightly about 2 minutes. Roll 1/4-inch thick. Cut with cookie cutter of desired shape and place on greased cookie sheets.

Beat 1 egg and water enough

to blend; brush on cookies; sprinkle with sesame seed. Bake in moderate (350 degrees) oven 15 to 20 minutes. Cool on wire racks. Makes about 6 dozen medium-sized cookies. These cookies keep well for weeks in a tightly covered container.

#### In The Service

Pvt. Frederick D. Baker, whose wife, Anna Marie, lives at 520 Walnut St., is a member of a rifle squad which achieved the highest score in the recent basic combat training proficiency test of the 3rd Division's 7th Infantry at Fort Benning, Ga.

Baker, who entered the Army last October, is the son of Mr. and Mrs. Fherman G. Baker, RD 1, Beloit. He was formerly employed by Ohio Edison Co.

Add a few drops of kerosene and a little bluing to warm soapy water when you are washing wind-downs. Gives extra sparkle!

Seedless green grapes are good added to a cabbage salad.

**SAFETY SEEKERS**—Taking the old injunction to go west at face value, William Keenan, right, took his family and made the move to the wide open spaces some 12 years ago. A prosperous construction engineer in Port Washington, N.Y., Keenan cast a wary eye at the atom bomb and headed for the hills—the first displaced person of World War III. The family settled in the tiny community of De Borgia, Mont., about 90 miles from Missoula, and Keenan became proprietor of the Atom Haven cafe. The cafe now serves as De Borgia's post office, the town's meeting place and home for the Keenans. Left to right are daughter, Barbara, 20, with her husband, Dave Parker; Mrs. Keenan; daughter, Constance, 11, in front; daughter Ruth, 18, and Keenan.

Questions and Answers

Q — What is the most unusual feature of the planet Saturn?  
A — The large ring around it that looks like a halo. It is now known that this ring is actually made up of three separate rings. Saturn is the only planet that has such a ring.

Most ebony the dark wood from which pianoforte keys are made, comes from East India.

LITTLE LIZ

Lemon Juice Flavors Rutabaga-Potato Salad

Rutabagas, often ignored by cooks as a rich source of vitamin C, has come to the fore as a part-ner to potatoes in a salad that is sure to enhance your reputation as a culinary genius.

This rutabaga and potato salad combines the two main ingredients with the tang of fresh lemon juice, cider vinegar and fresh garlic for an excitingly different addition to Rutabaga and Potato Salad.

2 cups cold diced cooked rutabagas, 2 cups cold diced cooked potatoes, 1/4 cup chopped onion, 2 tablespoons salad oil, 1 tablespoon cider vinegar, 1 tablespoon fresh

lemon juice, 2 teaspoons salt, 1/4 teaspoon ground black pepper, 1-16 teaspoon minced fresh garlic, 2 cups diced celery, 1/2 cup diced green pepper, 1/4 cup mayonnaise, lettuce, radish roses for garnish.

Combine first 9 ingredients in a bowl. Cover and marinate in refrigerator 3 to 4 hours.

Just before serving, add celery, green pepper, and mayonnaise. Toss lightly. Serve on lettuce. Garnish as desired with radish roses.

Meat - tenderizing salt may be used on venison steak to advantage. When you broil or pan fry this steak, remember that it should be served rare.

Family Dinner

Any fruit cake from the holidays still around? Heat it and serve with Hard Sauce.

Roast veal, oven-browned potatoes, green peas, carrots with orange, salad bowl, bread tray, leftover steamed fruitcake, special hard sauce, beverage.

Special Hard Sauce

Ingredients: 4 tablespoons (1/2 cup) butter or margarine, 1 1/2 cups sifted confectioners sugar, 1 teaspoon vanilla, 1 egg yolk.

Method: Let butter stand at room temperature until soft. With a spoon, gradually work in confec-

tioners sugar and vanilla. Beat egg yolk until thickened and lemon-colored; add to butter-sugar mixture a beat well. Turn into serving dish, cover and refrigerate. Sauce is firm after chilling. Makes 3/4 to 1 cup.

Note: Heat sliced fruit cake in the top of a double boiler over boiling water.

Company Dinner

Interesting accompaniment to chicken.

Roast Chicken, Savory cracked wheat, snap beans with mushrooms, salad bowl, bread tray, lemon fluff, beverage.

Savory Cracked Wheat

Ingredients 5 tablespoons butter or margarine, 1 medium-sized onion (finely chopped), 1 cup (medium-size grain; cracked wheat, 2 chicken bouillon cubes, 1 1/4 cups boiling water, seasoned salt, pepper.

Method: Melt butter over moderately low heat in 9- or 10-inch skillet. Add cracked wheat and brown lightly, stirring often. Dissolve bouillon cubes in boiling water; pour into cracked wheat mixture; add seasoned salt and pepper to taste. Bring to simmering. Turn into 1 1/2 quart baking dish; cover tightly and bake in slow (300 degrees oven) until wheat is cooked through and liquid is absorbed - 30 to 45 minutes. Makes 4 to 6 servings.
